## Realtors To Assist In School Site Study

### Lagoon Plan Studied As Possible Solution On Jr. High Location

The Granite City Board of Realtors has pledged cooperation with the Granite City School District in its effort to locate the best possible site for Grigsby junior high school. Supt. Russell D. Johnson told the school board last night.

The board agreed to study a suggestion of Thomas Stacioc, Pontoon Beach village president, who attended to urge retention of the present site west of the village, at Pontoon and Carroll roads. He said a lagoon about 1000 feet from the proposed campus might be feasible for use in treating school sewage.

Sewer connection costs are among the reasons for a tentative decision to seek a different site. Construction bids have not yet been sought.

### Gym Floor Covering

It was decided to seek bids on a nylon reinforced concrete covering for the new high school gymnasium floor, enabling it to be used by organizations and for such school functions as graduations. Street shoes are not permitted on the basketball playing surface.

At the suggestion of Board Member Robert Crider, it was decided to alter the policy under which parent groups must operate refreshment counters at athletic events. Beginning with the 1966-67 basketball season, there will be competitive bidding on self-serve and candy purchases.

Application was made for a \$12,000 federal vocational education "anti-dropout" reimbursement that would enable up to 45 students to be paid up to \$45 a month for various school duties.

School bus waiting periods, Nameoki road student pedestrian traffic and policies on use of outdoor school facilities are all being studied, along with possible uses for obsolete textbooks.

### School Traffic

Board members and administrators plan to attend a Sept. 27 meeting at which traffic regulations in school zones will be discussed.

It was announced that an American Federation of Teachers appeal was heard yesterday morning at the Appellate Court in Mount Vernon, where Attorney Maurice Dailey representing the schools and Attorney Burton Bernhardt of the AFT, the appeal resulted in a circuit court ruling upholding the school board in its decision not to place a junior high school teacher on tenure (permanent employment).

A ruling is expected within a month.

Another court case, on an elementary teacher not granted tenure, was set for Sept. 17 but has been postponed to Oct. 1. (A November or January date.)

## Starch Co. Meet Reset Due to Court Hearings

Conflict between circuit court contempt hearings and a scheduled negotiation meeting in the two and a half-month-old Union Starch and Refining Co. strike resulted today in temporary postponement of the negotiation session. It had been set for 10:30 Friday.

The difficulty arose when a circuit court hearing of contempt of court proceedings against the striking union members, which already had been under way for three days, was continued by Circuit Judge Howard White in Edwardsville Wednesday afternoon until 9:30 a.m. Friday, an hour after the negotiation meeting was scheduled to be held.

Several members of the union's negotiating staff are involved in the court proceedings. Defense testimony in the hearings opened Wednesday.

Reports early this morning that the negotiation meeting had been cancelled definitely because of the dual strike developments were discounted by U.S. Conciliator Bernard O'Keefe, who told the Press-Record shortly before noon that the meeting still is planned for Friday, but not at the scheduled 10:30 a.m. meeting time.

### Postponement Temporary

"I am making efforts to have members of the negotiating team released from court as soon as possible so that a meeting can be held during the afternoon," O'Keefe said. "The court hearing will postpone the negotiation meeting only temporarily, because I fully intend that a meeting will be held during the afternoon."

O'Keefe said that he did not know at what time the meeting will convene, where it will be held, but that arrangements will be completed Friday morning.

There has been no negotiation session since last Friday when an all-day meeting was held at the Granite City Army depot.

The court hearings, based on two contempt of court petitions filed by the company under an injunction writ granted in behalf of the company by Judge White last July 17, convened Monday.

## 20 Mph Speed Set for School Zones in City

### GC Council Approves Purchase Procedure; All Buying by Bids

Ordinances establishing a uniform 20 mph speed limit in the vicinity of all schools and requiring bids for all city purchases of materials, supplies and services were approved Monday night by Granite City council members.

The school speed zones are to be posted as soon as the city's traffic engineer designates the areas. All public and parochial schools in the city.

At the present time speed limits are 25 mph and along Pontoon road the signs set limits of 20, 25 and 35 within a two-block distance at a school.

Need for a uniform posting at all schools has been discussed for several years, and it was brought on again last week at Mayor Courtney's "beet" session for citizens.

The mayor said he would arrange with Traffic Engineer George Crawford to designate the areas to be posted as quickly as possible.

### Expanded Bidding

The ordinance calling for bids on all purchases by the city was submitted Monday night originally just for the street department, but the council members decided to change it to include all departments.

It was submitted by Alderman Stenberg, who readily agreed to the expansion of coverage.

The purchasing procedure calls for items, such as gasoline, paint and other generally used materials, to be obtained on an annual basis, while bids on a semi-annual basis would be once a city engineer is hired, sought for services.

### For Smaller Purchases

For smaller purchases, the city controller is to obtain prices by telephone from at least two suppliers.

Partney commented the procedure could prove problematic with delays on purchase of small items needed immediately for the department.

The ordinance was adopted unanimously by the 14 aldermen present. Aldermen Dallas and Moore were absent.

### Purchase Rejected

Earlier in the meeting, the council had turned down a request for purchasing a \$605 copying machine, recommended by the mayor. It was pointed out that it would be difficult to seek bids per specifications without deterring the machine dealer.

The ordinance was adopted unanimously by the 14 aldermen present. Aldermen Dallas and Moore were absent.

### 21 Undergo Surgery At Local Hospital

The following are recovering from surgery which they underwent since Monday:

Laura Arachast, 2406 Sheridan avenue; Samuel Coleman, 2519 Grand avenue; Leora Dixon, Brookline; Hardin Jackson, 2315 Delmar avenue; Dorothy Kay, 1028 Washington street; Patricia Nunez, 2810 Maryland avenue; Erno Orzovan Jr., 2036 Madison avenue; Nazli Sakas, an 1738 Maple street; Anita Turner, 3203 Johnson road; Mae L. Vinton, 421 E. 23rd street.

Michael Donoff, 2724 Michigan street; Robert Molton, 2702 Denver street; Opal Kirkland, 4729 Virginia street; Russell Terry, 2702 Emme street; Maurice Senior, 4124 North drive; Joseph Wilkinson, 5035 Lakeview drive; Patricia Plante, 1417 Fifth street, Madison; Eugene Elberg, 2122 Woodlawn avenue; James R. Rader, 162 Second street, Madison; Beth Remann, Edwardsville.

## Nameoki Twp. Wants More Police Protection

### Areas of Complaints Include Miracle Manor, State Park Place

Strong protests over the alleged absence of adequate law enforcement in sections of Nameoki township were voiced by township residents, who were among nearly 50 persons attending the town board's meeting Monday night.

An overflow crowd, many forced to stand, heard strongly worded statements which described continuous violations of traffic regulations and inadequate coverage by the sheriff's office. The majority of those present were from the State Park area.

Pleas for improved police protection also were made by Calvin Waugh, of 2145 Miracle avenue, who told town auditors "although 25 mph speed signs are posted in the neighborhood, cars constantly exceed this limit, endangering the lives of many children. Area residents have noted cars, which appear to circle the blocks aimlessly."

### Hit-Run Probe Delayed

Waugh commented on the recent incident involving James Moore Stagner, 21, son of Mr. and Mrs. James L. Stagner, 216 Dawn place, who was the victim of an apparent hit-and-run accident Sept. 2. The young man's father was among those present at the town meeting. Waugh said there was concern since it was nearly three hours after it was reported that county authorities appeared.

Sheriff Barney Fraundorf at the time said the young man was delayed because his small day staff was tied up on other cases and away from the office when the report was received. Members of his night patrol responded to the call.

### State Park Complaints

Other complaints were voiced by Mrs. Moore Conway, a resident of the new campus.

Classes started at 8 a.m. today for SIU-SW students at the new campus and at the University's teaching centers at Alton and Carbondale.

### Auto, Train Collide; 12 Hurt in 27 Area Crashes

A car-train collision, a freak crash involving a power pole and a motorcycle accident and a 27 auto accidents in the area this week. Twelve persons were injured.

Frank G. Markovich Jr., 23, of 1638 Third street, Madison, was injured when his auto collided with an Illinois Terminal Railroad train at 9:45 p.m. Wednesday at the 19th street and Edwardsville road crossing. John Shaffner of East St. Louis was the engineer.

Markovich was taken in a police car to St. Elizabeth Hospital where he was admitted. X-rays showed a fracture of the right knee and left elbow.

### Venice Police Trap Would-Be Burglar In False Ceiling

A man who broke through the roof of a Venice liquor store shortly after 1 a.m. Wednesday in an attempt to enter the place, found himself trapped between the roof and a lowered ceiling when police arrived. Venice police had been called to the scene by a passerby who had seen the man on top of the building.

The man, who later identified himself as Joe O. Rice, 37, but would give no further information, refused to leave his cramped quarters until an officer turned a gun on him. Police had been able to shine their flashlights into the ceiling area from a rear entrance.

The attempted burglary occurred at the Garrett Liquor Store and tavern, Douglas and Weaver streets, shortly after the place had closed for the night. Rice, after surrendering to officers, accompanied them without difficulty as far as the city hall, but then began fighting police outside the police station. Officers said they tried to use force to place him under arrest.

Police Chief Frank DeWitt said charges of attempted burglary and resisting arrest will be filed against Rice. A tire tool was found in Rice's belt when he was arrested, officers reported.

## 64 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

An audit of Chain of Rocks Bridge Funds showed surplus of \$4,359,092 in report submitted at the Madison city council meeting Tuesday night.

Included was a valuation of \$2.3 million for the bridge structure and \$2.1 million for the purchase and trash in a landfill operation for \$200 per month.

He said that he and Mayor John E. Lee of Venice are still considering obtaining a 50 or 75-ton incinerator as the permanent solution to the problem, noting the scarcity of land in land-fill operations.

### Chain of Rocks Bridge Has \$4,359,092 Surplus

The council agreed to a delay in improvement of McCambridge avenue at the request of Edward Juneau of Sheppard, Morgan & Schwaab, city engineer. Plans now are to begin construction in the spring rather than the winter to prevent closing of the street during winter months.

In the meantime, utilities can be readjusted and Union Electric Co. would be relocated, the mayor said.

The mayor commended Police Chief Emmett Pavia and the police department for sending 10 officers to an FBI training school held recently at Belleville. He said 60 officers were enrolled at the school, that the local officers attended on their own time.

The council was reminded that the Illinois Municipal League convention will be held Oct. 25 at Peoria.

**AUTO-TRAIN CRASH** at the Edwardsville road crossing at 19th street at 9:45 p.m. Wednesday, Frank G. Markovich Jr., 1638 Third street, Madison, driver of the car, was injured and admitted to St. Elizabeth Hospital. He did not see the Illinois Terminal Railroad train backing up until it was too late.

### Kerner Pleased New SIU-SW Campus is Open

Gov. Otto Kerner commended Southern Illinois University-Southwestern Campus and the people of Madison and St. Clair Counties today on the opening of the new campus.

In a letter to SIU President Delbert W. Morris, the governor said the start of classes at Southwestern Campus reflects the culmination of a dream and the beginning of another.

The complete text of the letter follows:

"My congratulations to Southern Illinois University upon the opening of its Campus.

"The beginning of classes reflects the culmination of a dream and the beginning of another for the people of southern and southwestern Illinois. It is a dream that we could not have fulfilled without the hard work of the people of Madison and St. Clair counties and at Southern Illinois University.

"I know we can look forward to a long and successful future for the new campus."

Classes started at 8 a.m. today for SIU-SW students at the new campus and at the University's teaching centers at Alton and Carbondale.

## 'Maybe We Should Switch and Fight', GC Alderman Says

Switch and fight tactics to shake up complacent Democratic leaders in Springfield were suggested at Monday night's Granite City council meeting as a possible way to get state funds for the long-delayed Nameoki road widening project.

The unique idea for a one-election change of area politics from Democratic to Republican "just to show 'em," was made by an ardent Alderman Whitmer, who added, "And I'm a member of the organization." N. A. N. said the council.

Whitmer replied he had attended one convention in Springfield several years ago and learned nothing beneficial to the city.

The discussion was touched off by Alderman Rutledge, chairman of the Finance committee, who was critical of the \$150 allowances for each alderman to attend the Oct. 1-5 convention.

"\$248 Spent Last Year," he said. "We spent \$248 on the convention last year and I doubt if we got two cents worth of good out of it," he commented. "It's ridiculous to spend so much for a little."

Rutledge pointed out that at the Sept. 7 meeting he had voted against granting any expense money for the IML convention.

Nann was quick to support the convention expenses and attacked a Press-Record editorial that was critical of non-itemized expense allowances. "If we do over the allowance, we have to pay the difference," he remarked, and then stressed that aldermen could meet with state officials to discuss Nameoki road.

The council went on later to send two police detectives to an Illinois University police training institute Sept. 27 to Oct. 1 at Carbondale.

It was also decided to send two police officers to a fingerprinting class at Carbondale. Total allowance of \$140 for Detective Michael Devine and Ronald Weber was approved.

### Closed Meeting Issue

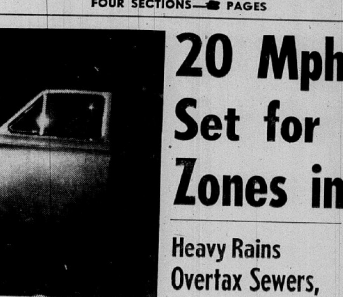

At the conclusion of Monday night's report by the Finance committee, Rutledge requested a closed meeting to discuss law suits against the city.

The council voted to adjourn for a few minutes to confer with City Atty. Allen and Assistant City Atty. Kenner.

The mayor and aldermen filed in the jury room at the rear of the council meeting room. A private conference was canceled when several aldermen pointed out the need for a closed meeting and he also noted that the council meeting should be barred while others said the reporters should be present and should be requested not to divulge in advance any amounts that might be agreed upon for out-of-court settlements of suits against the city.

As the aldermen debated that point, Mayor Partney returned to the council room and called the regular council meeting back into session.

One member of a new lawsuit had been read to the council at the start of the session by Clerk Pendleton. Velma Lorraine Rapp, 60 Oaklawn drive, served notice of an intent to file a personal injury suit. The injury occurred on the 2300 block of Madison ave.

**AUTO-TRAIN CRASH** at the Edwardsville road crossing at 19th street at 9:45 p.m. Wednesday, Frank G. Markovich Jr., 1638 Third street, Madison, driver of the car, was injured and admitted to St. Elizabeth Hospital. ### Heavy Rains Overtax Sewers, Flood GC Streets

This week's 1.90-inch of rain recorded on three days—overlaid Granite City's combined sanitary and storm sewer system, and coupled with a sewer break and perplexing problems caused flood conditions along streets.

Street Supt. William Warfield said yesterday he plans immediate repairs to a sewer line along Niedringhaus avenue that has been causing the northwest corner to be flooded. "We might also have to change the connection and run that catchbasin to a manhole," he explained.

### Truck Stranded in Fog

A truck was left stranded on the divider strip in the 1900 block of Niedringhaus road during the early morning fog today. Police were notified at 2:50 a.m. to remove the truck. The driver, a 40-year-old man, was not hurt. The truck was still stuck at 3:10 a.m., police called a garage to have the truck moved.

## Sailor on Leave Injured in Fall

Seaman Michael Bader, 19, son of Mr. and Mrs. Herman Bader, 3208 Willow drive, is in fair condition today at Firmin Desloge Hospital, St. Louis, following a fall down a flight of steps at his home Tuesday. Accurate details of his mishap still are unavailable, as the youth is unable to recall what occurred.

According to his mother, Bader apparently had a dizzy spell and fell as he was going down the basement steps to get a shirt between 3:30 p.m. He was found at the foot of the steps in a dazed condition unable to move. That shortly after four o'clock when his 11-year-old sister, Cathy, hurried from school.

He was taken to St. Elizabeth Hospital where he was treated for bruises and cuts on his forehead, back pains, dizziness and tingling sensations in both legs before being transferred to Firmin Desloge.

Bader enlisted in the Navy 11 months ago and currently is on leave. He is stationed aboard the aircraft carrier, USS Enterprise, based at Norfolk, Va., which recently returned from a tour of duty at Guantanamo Naval Base, Cuba.

Mrs. Bader said her son had been home on furlough for seven days and had been granted an emergency five-day leave extension as his father was due to undergo surgery. Since then, immediate surgery for the older Bader has been postponed.

It is not known how long the former Granite City high school student will be hospitalized, Mrs. Bader said. Depending on the outcome of tests, he may be transferred to a Naval hospital.

## Mrs. Norris Wins Hair Style Contest

Mrs. Linda Norris was named a winner for the third year in the annual fall hairstyling contest, sponsored by the Elite Hairdressers and Cosmetologists Association, Affiliate 33. The contest is conducted for local beauticians seeking membership on the hair fashion committee.

Permanent members in the top-styling group are selected from those succeeding in three competitive hair fashion contests. Mrs. Norris joins two other Affiliate 33 members, Mrs. Mary Baisden and Earl Tucker, as a member of the permanent body.

Other successful candidates in the recent contest were Kay Ann Jelf, Margaret Burzoff, Jean Harris, Judy Broshov and Sara Dutko, second year winners; and Pat Dickey, Julia Dant, Stanley Coleman and Dorothy Line, who won for the first time.

Judges in the local contest, selected by the state group, were Ann Clayton, Doris Parker and Don Schnauss, all members of Affiliate 40.

Earl Tucker serves as styles director, assisted by Miss Jylene Prewett. Earl Parsons, Affiliate 33 hair fashion chairman, was in charge of arrangements, and Mrs. Carol Kinder was contest national meeting will be held at chairman.

At 7 p.m. Monday, a re-organizational 1500 St. Clair avenue to plan a "Queen Contest" on Nov. 7, at the Elk's Club.

The winner will reign during "National Beauty Salon Week" in February and preside at the annual hair fashion show, scheduled for the same month. A "Little Miss Princess" also will be chosen.

## Gym Class for Women Still Registering

Openings remain for gym classes conducted by the women's department at the YMCA, it was announced today by Mrs. Genia Norman, instructor for the past two years.

Classes are scheduled from 10 to 11 a.m. and 7 to 8 p.m. Tuesdays and Thursdays. They are designed for physical fitness and body building for women, Mrs. Norman said, and is designed to take off or put on inches and to firm sagging muscles.

## Settle Epping Tax Case for \$69,150

Settlement of a federal income tax claim against Edward E. Epping, administrative assistant to former Illinois Auditor Orville Hodge, was agreed upon Wednesday by Internal Revenue officials in Washington.

The settlement amounted to \$69,150, representing \$46,400 in back taxes and \$22,750 in fraud penalties. The government originally sought \$102,835, including \$67,271 in back taxes and \$35,575 in fraud penalties, for the years 1953 through 1956.

The tax claim was assessed income Epping received from an East St. Louis accounting firm he operated in partnership with Fred M. Meringer. The Internal Revenue Service disallowed deductions claimed by the partners for salary payments, contending that the persons listed neither worked for the firm nor rendered it any service.

The government alleged the payments actually were kickbacks for the benefit of Hodge who served a term for embezzling funds from the State of Illinois. Epping also served a term for his part in the thefts. The Epping-Meringer firm conducted audits for Illinois institutions and departments while Hodge was auditor.

## Savings, Loan Officers Attend State Meeting

Leonard Hopkins, Fred Williams and David Knollman of First Granite City Savings and Loan, D. F. Little and Robert E. Backs of State Loan & Savings Association and Mr. and Mrs. Albert Froemming of Madison County Federal Savings & Loan attended the 8th annual state savings and loan league convention held at the Chase-Park Plaza Hotel, St. Louis, through yesterday.

Officers, directors, employees and wives and husbands from the three associations were among those who attended a convention banquet and dance Tuesday evening.

Topics of discussion at the convention were legislation, regulations, community welfare, public relations and financial legal matters as they pertain to Illinois savings and loan institutions.

## MORE ABOUT Nameoki Twp.

(Continued from Page 1.)

inct committeewoman and a spokesman for the State Park Place Improvement Association and Curtis Bean and Rodney Redmond, both special sheriffs deputies and precinct committee men from the State Park area.

According to Mrs. Conway, Sheriff Fraundorf told a committee of State Park residents last week that his actions were limited by the size of his staff and that the group should seek the aid of their township supervisor. Her group principally is concerned with hot rodding and drag racing especially in the Black lane area, she said.

Gus Economy, 3209 VFW Lane, Collinsville, who lives in the Kreiter subdivision, complained of local action after a "jeeping tom" was reported to the county police authorities some time ago. Bean and Redmond criticized what they termed a general lack of cooperation by the sheriff's office when they make an arrest and attempt to bring a case before a judge. Both men said their authority has been limited and their actions now seem ineffective.

## Attorney's Views

Stating that he was advised of the complaints leading up to the protests on Friday evening, allowing him little time to adequately research the problem, Town Atty. Nick Vasileff said that contrary to public opinion, special sheriff's deputies are not aides to regular law enforcement officers and technically can only be appointed when a state of emergency exists or for a brief period to accomplish a specific mission.

Pointing out that his study of the facts was not conclusive at this time, Vasileff said, apparently the number of deputy sheriffs required for the proper protection of county residents is not the responsibility of the sheriff, but must be determined by the circuit court. He added, "it is then mandatory for the board of supervisors to appropriate sufficient funds to maintain the designated number of county police officers."

The current staff is composed of seven process servers and a chief investigator during the day-time hours and 12 night workers. Vasileff recommended a meeting between the citizens group and township and county officials and later "passing sound ordinances to put some teeth into the township speed laws."

Supervisor Harry Bridges and the board agreed to arrange a conference with Chief Circuit Judge Harold R. Clark of Alton, Sheriff Fraundorf and representatives from among those attending the meeting. Briggs said earlier this year he had suggested additional services be added to the sheriff's department, but the board of supervisor's finance committee reported that no funds were available.

In other action, Briggs said efforts are being continued to secure information on obtaining federal funds to develop a sanitary sewer and disposal system for the State Park area of the township.

The State Park area was the only one to support the recent \$1.9 million bond issue referendum for a general sewer system in the township. The overall proposal was defeated by nearly a three-to-one vote.

Charles Hanks, township highway commissioner, reported that \$200 has been released from the state MFT fund for immediate road repairs in the village of Ponton Beach. He said work will start in about two weeks.

## Study to Find Paint Stain Source Extended 6 Months

A six-month extension of a contract with a testing firm to determine the source of an air pollutant causing house paint discoloration was approved Monday night by Granite City council members.

St. Louis Testing Laboratories, hired for the first six months at a cost of \$7380, reported house paint was being discolored because of the presence of hydrogen sulphide in the air, but the source was not determined. Because testing equipment is in place, the firm agreed to continue the survey another six months at a cost of \$2800. It was noted the numerous complaints last year, leading to the survey, started in September, and the initial six-month period ran from Feb. 1 to July 31.

## Mayor Is Critical

Alderman Whitmer, chairman of the Special Air Pollution committee, called for the study to be extended six months. When Mayor Partney said the first six months showed little progress, Whitmer withdrew his motion, and he voted against the proposal, when the motion was restated by Alderman Sternberg. Approval of the extension was voted 9-0-2. Whitmer and Johnson agreed to disagree.

## Mother of Quad-Cityan, Mrs. Rielly, 51, Dies

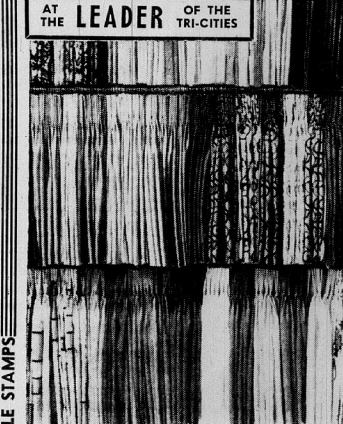

Mrs. Mary Rielly, 51, of 1754 Ninth street, East St. Louis, died at 9:30 a.m. yesterday in St. Mary's Hospital, Richmond Heights, Mo. She was the mother of Mrs. Charles R. (Frances V.) Mills, 3801 Lake street.

Born in East St. Louis, where she had resided her entire life, Mrs. Rielly had been in ill-health about three weeks. Prior to hospital three weeks, she had been employed for 18 years as a cutter at the Paramount Curtain Co., St. Louis. She was a member of the Friendly Club of East St. Louis.

Besides her daughter, Mrs. Rielly is survived by her mother, Mrs. Stefania Gryzb; two brothers, Ted and Frank Gryzb, all of East St. Louis; and six grand-children.

Funeral arrangements are given in today's obituary column.

### How to measure:

You only need to make two measurements for each drapery you order—width and length. The width of the drapery rod (place it at least 3" above the window) will be the width of your drapery. Measure the length from the top of the rod to the length you desire. Space is also provided below to note room colors, which need to be considered in selecting draperies.

'Friendly Rivals' Meet For 35th Time

# Madison Invades Warriors' Teepee Friday Night

## Warriors Set to Go Despite 'Gym Practice'

"The good Lord has been looking after my boys this week by sending us rain, but I managed to work in some good practice sessions in the gym," said Granite City's head coach Jim Morrison. He referred to the complete absence of practice injuries this week.

Preparing for Friday night's clash with "friendly rival," Madison high school, Morrison predicted that the Trojans will be "sky high for this one with us, especially after last year." The Warriors won 62-0 on Madison's home field last year.

The meeting of the two teams will be the 35th since 1929, with the Warriors having the edge, 28 wins, five losses and one tie.

"Last week against Riverview, we just couldn't hold onto the ball," said Morrison. "But with our workouts in the gym, we worked on the mistakes and errors that showed up in the season opener."

The Warriors will get an added offensive punch this week with the return of Gary Johnson to the starting lineup. Johnson, a 6'1", 205-pound fullback, was given the go sign by doctors to play football, and Morrison was tickled to death. "This gives us one of the biggest backs, just like small college ball," he said.

Tri-captain Len Revelle may not play in the Madison game due to a sprained ankle received in the opening tilt last week. He is a 5'10", 185-pound halfback, and will be replaced in the starting lineup by Tom Miner, a 220-pound transfer from Wood River. The Warrior lineup will have two newcomers: Rich Paoli, a 110-pound halfback, will start as a defensive halfback.

Terry Yates, who came in as a sub in the Riverview game, will start at a guard spot on the offensive team. Yates, 5'9", 165 pounds, "played exceptionally well when we put him into the game, and we feel he will do a good job for us," Morrison commented.

Commenting on the Madison Trojans, Morrison had this to say: "They always play a good game against us. If they would only play that good during their conference season, they'd have no trouble winning the Midwest title."

"Madison will field its finest backfield that I have seen since I've been at Granite City. Their fullback Rendell is the best they've got, and he is something. We don't want to overlook Shipoff, their quarterback," he added.

"Both teams will show a well-balanced offense. The weather, of course, is a major factor, and it might play an important part in the outcome of the game."

Granite City's line, which averages nearly 200 pounds a man, will have five senior lettermen, while the backfield will average 192.

"Our boys have come up and they will be up for this Madison game," he said.

### Halfback Burt, Guard Owca Chosen As Madison High 'Players of Week'

Ron Burt and Marvin Owca were chosen this week as the first 1965 "back of the week" and "lineman of the week" of the

Madison high school football squad.

Burt, a 155-pound junior student, was the starting left halfback for the Trojans as they opened their season with a 20-0 loss to Edwardsville on the Madison gridiron last Friday night. Burt had not played offensively in varsity competition prior to the Edwardsville game. His efforts against the Tigers included recording two first downs and being instrumental in placing his team in a position to threaten scoring a touchdown late in the second quarter. The drive ended with a fumble on the Tiger 25-yard line.

#### Aggressive Play Cited

Owca, lineman of the week, was selected for the honor on the basis of his aggressiveness, both on defense and offense, Coach Glen Pickering said.

A junior who weighs 195 pounds, Owca played right guard, a position he "went both ways," for Madison. He was one of five remaining in the game at all

RON BURT

times, regardless of which team had possession.

With platooning increasing, this is becoming a rarity, but it was necessitated by the lack of overall depth on the Trojan grid squad.

### Sunday Softball Playoffs to Open; Illinois, Missouri Champs to Meet

Tri-City Tavern League softball playoffs will begin Sunday morning with two games at Lee Park, Venice. Season champion Polish Hall will oppose Siderack, and Liberty Home is paired with Bowland.

Tony & Joe's squad has drawn a bye for the opening round of the playoffs.

Polish Hall also has scheduled a doubleheader against the Tasmans, Missouri state champions, for Saturday at Caseyville. Since Polish Hall is the 1965 Illinois state titleholder, the game will match two state championship teams.

Polish Hall squad members receiving world tournament patches, bats and key-rings this week as souvenirs of their participation in the world softball meet in Ohio were: General Manager Norman Owca, Manager Andrew Miskis and Players Stan Serwacki, Frank Madrusic, John Meuski, Frank Scardale, John Konovich, Forrest Friend, Joe Fedora, Bill Diak, Ray Jones.

John Madrusic, Everett Cottrell, Sam Georff, Ed Madrusic, Al Paskus, Joe Viviano, Robert Park, Bob Barnhart and Joseph Asperger.

#### Final Inter-City Loop

#### Playoff Series to Open

With only two teams remaining undefeated in Southwestern Illinois Inter-City Baseball League playoff competition, a two-out-of-three-game series for the championship will begin Sunday afternoon with Collinsville visiting Peabodians.

The second game will be played Oct. 3 at Collinsville, with the location of a possible third game yet to be determined. Sacred Heart and Mercer of Granite City failed to qualify for this year's playoffs, and Mitchell lost out in the playoff quarter-finals.

### Trojans Aim For 1st Win In GC Game

When David met Goliath, the polsters picked the big fellow. But, the smaller, underdog David came out on the winning end of the battle.

The same might apply to the Madison high Trojan when they clash head-on with the Granite City Warriors Friday night in Granite City.

Recovering from a 20-0 loss to Edwardsville last weekend, the smaller Trojans hope to up-end pre-season rivalry, Granite City.

"We are thin in the line, this we saw last week," said head coach Glen Pickering. "Most of our linemen will be forced to play both offense and defense."

Bad weather during this week hampered Madison's drills, but the Trojans did get to work on their defense. "We polished up on defense, especially on passing," Pickering said.

Several Trojan linemen were singled out by Pickering as having played well against Edwardsville. Junior Marvin Owca played a tremendous game as an offensive lineman for us, and he will be ready to go Friday night.

Another boy who did a good job was senior tackle Art Neidhart, the Madison mentor said. "According to our records, our backfield did a great job in average yards per carry. Sam Jones, a junior back, averaged over 10 yards per carry, and Alton Rendell averaged nearly five yards."

Pickering pointed out. "Our offense went well, and it will be in high gear for the Granite City game."

Several lineup changes were made by Pickering. Rendell will start at the right end spot. Jones will play fullback and senior John Brake, 165 pounds, gained the starting right halfback notch.

"We'll be looking for a quick ground game from Granite City; that's their best asset," said Pickering. "They've got good speed and power in Gary Johnson, the left fullback, and Rick Turner, a halfback."

"The game will be a tough one for us. They will have more depth and will be bigger overall in the line. It's always a tough one for us."

As for his specific plans on offense, Pickering indicated that they would have to wait and see what the Warriors try defensively. "We may have a few surprises," he said.

Whatever David's strategy was is unknown. But, if there were to be a re-match, the polsters might be wise to take another look at small, underdog David Friday night.

### Commendations for 4 Warrior Gridders on Their Performances

The "Chuckles Axe Murder" and "Fighting Warrior" awarded will not be presented this week because the films of the Riverview City game were somehow misplaced in the mail.

"We choose the award by grading each player, and how they performed in the game—to be this accurately we need the game films," Coach Jim Morrison said.

He commended Terry Yates, junior guard, Ed Brokaw, senior guard, and Rich Paoli, junior halfback, for doing a good job on defense. He also commended Senior Fullback Tom Miner for doing a good job on offense.

## Bow Hunters Urged to Seek Permits Now for Autumn Deer Season

Archers who plan to hunt deer in Illinois this fall should apply for their permits immediately, William T. Lodge, director of the Illinois Department of Conservation, said this week.  
 "It takes time to process applications and mail out the permits. Hunters cannot expect to receive their permits by Oct. 1, the first day of the season, if they apply late," Lodge said.  
 St. Clair, Madison, Cook, Will, DuPage, Kane and Lake Counties are closed to deer hunting with bow and arrow. The rest of the state is open.  
 Dates of the deer season for bow hunters are as follows: Oct. 1-Nov. 15, inclusive; Nov. 24 until Dec. 31, inclusive, except that hunting is not permitted from Nov. 30 through Dec. 6.

## THE MADISON COUNTY SPORTSMAN

By DON HASTINGS  
 County Conservation Officer

The teal season had a quiet start Saturday morning with few hunters and few teal. Two hunters had the limit and it was evenly divided between green and blue wing varieties.

This is an experimental season, lasting until sundown Sept. 26, and a special permit is necessary in addition to the normal license and duck stamp.

There was some hunting on Horseshoe Lake at Granite City, some on Silver Lake at Highland, a little on private lakes and jump shooting in sloughs. Everyone is well behaved and, if this is the trend all over the state, we can expect another season next year.

**Dove Hunting**  
 Dove season has slowed considerably. I have had one arrest near Marine on dove hunting so far. Wardens from the northern part of the state told me they had good shooting up there recently, so we may get more doves in the next few weeks.

I attended a two-day law enforcement and conservation course in Springfield last week and learned of a number of new laws and revisions in the present hunting and fishing code.

I will run over a few of them briefly now and hope to go over each thoroughly in succeeding columns.

**Guns Must Be In Case**  
 Among those of greatest interest is a law that you must carry your gun in a case and unloaded when transporting it in a vehicle. The old law provided it could be taken apart, but this is no longer true and you must have it in a case or holster.

Another that I am very glad to see is a new and much broader law regarding the throwing of cans, garbage, junk and other refuse in any water. This law is now under review and it is one I intend to start enforcing strongly, immediately.

Any rural resident who has proof of someone dumping on the banks or directly into creeks

should not hesitate to use this law.

This is also intended to cover the practice of some lumber logging and bulldozing operators who conveniently shove or top trees into a creek rather than burn them.

**Will Survey Creeks**  
 I intend to make a survey of the major creeks, including Silver and Cahokia, to get this stopped.

Turtles are now on the protected list and a fish license will be necessary to take them. There will be a special license for turtle traps and nets. Almost every law pertaining to fish will now include turtles.

The Reeves pheasant and the judge were put on the protected list, also. Although I have not heard of one in Madison county for some time, there have been increasing reports of badgers in Macoupin county.

**No Firing on Highway**  
 Another revision is that you cannot discharge firearms on any highway. Until now, we had no jurisdiction over the simple firing of a gun over or on the highway, but first had to prove the person was attempting to take game.

There was a civil law on this, but we could not enforce it. Bow and arrow hunters for deer must now report their kill to the conservation officer or his department. Previously this was not necessary. Deer season in Madison county and St. Clair is entirely closed, with no bow or shotgun hunting allowed.

As a side note, deer were hit by autos this week in separate places in the county. One lived and was released in the bottom to recuperate.

Underwater spear guns have been legalized for the taking of certain fish during the jigging season.

## Late Rally Gives GCHS Soph Gridders 7-6 Win at Staunton

With a bare two minutes left, Granite City high school football sophomores came from behind to beat Staunton 7-6 at Staunton Monday.

The game was scoreless until Staunton made a TD on a reverse play which, as Sophomore Coach Leon Chappell put it, "Confused an already nervous team." But the sophomores defense was aggressive, and Doug Wickham stopped the extra point attempt.

Then in the fourth quarter, Quarterback Dave Snelson began to connect. A 40-yard toss to Jerry Jackson put the young Warriors on Staunton's 20-yard line, and another pass from Snelson to Dave Anderson scored a TD. With Ray Kahn placekicking the extra point successfully, the score was Granite City 7-Staunton 6.

Coach Chappell said that the defense was good and solid, and gave excellent pass protection to Snelson. "The team had first-game fever for a while, but settled down in the second half," he said.

## GC Harriers Win Over Wood River

Coach Dick Harmon's harriers ran away from Wood River to give Granite City a 19-37 cross country win last night.

The Warriors took the first three places behind the running of Jim Stephens, first, Joe Paschen, second, and Gus Schalkham, third. Stephens ran the distance in a time of 10:30. Paschen and Schalkham were right behind him with times of 10:35 and 10:38, respectively.

Mike Forcade and Dave Lomax finished sixth and seventh for Granite City. The win gives the Warriors a 2-3 record before going to the Edwardsville Invitational meet Friday.

"We feel that we are fairly strong within our conference, but if those St. Louis teams show up, they will be very strong and will give us a real battle," Harmon said.

In the javelin meet with Wood River, the Warriors easily won 18-47. Carl McDowell took first place with Mickey Kawula close behind. Their times were 11:42 and 11:49.

## Astros Respect Dallen's Bat

Dallen Maxwell was purposely passed last night! A St. Louis sportscaster, his chief critic, was somewhat agast.

The little used infielder ex-Granite City was given first base by the Houston Astros at Busch Stadium to get to rookie pitcher Jerry Jaster. Jaster, also walked.

But then Maxwell, who batted in the 350's at Tulsa before being called up by the St. Louis Cardinals, had already doubled and singled home a run as he had a two-for-two night at the plate. The Cards won 4-1.

## Warrior Jaycee Team Opens With 20-0 Win Here Over Assumption

Partly offsetting the River-view Gardens loss suffered by GCHS varsity squad, the junior varsity Warriors beat Assumption 20-0 here Monday evening. There was no scoring during the first quarter, and the Junior Warrior defense held Assumption to the only first down it earned during the game. In the second quarter, John Skubish scored on a pass from Steve Conway. A second TD was scored when John Spengler went around end in a power sweep.

Rich Paul scored in the third period on a fake field goal for the final TD. Dan Partney made both extra points with end conversions.  
 Dan Wilson was commended by JV coach Tom Wyrostek for his credited 15 tackles, along with Bob Horzelski for blocking an Assumption punt. "The defense did a good job and held Assumption to a minimum of yards gained," Wyrostek said.

ing tournament for Granite City next spring.

The local chapter will make its bid for the bowling classic at a district conference, at 2 p.m. Sunday in Litchfield. A large

delegation of local Jaycees is expected to attend the meeting, which will be followed with a dinner and dance.

Those making the trip to Collinsville, included James Burton, GC Jaycee president, Mike Day, Grad Krause, Herbert Siebert, Robert Schoolfield, Paul Morris

## Collide on McCambridge

Autos driven by Loretta F. Lehman, of 2021 Alton avenue, Cloverleaf addition, and Everett E. Jones of 1011 Second street, and prospective Jaycee members, Guy Cooper, Walter Gasparovic and Earl Warnoff.

Venice, were damaged at 10:50 p.m. Tuesday in a collision at Fourth street and McCambridge avenue, Madison. Both cars were headed north on McCambridge and the mishap occurred when Jones' car stopped to make a right turn and was hit from the rear by the Lehman auto.

## Driver Damages Fence

While backing from a driveway at 3005 East 23rd street, an auto driven by Sandra Patton, 2121 Grand avenue, hit and damaged a fence owned by Robert Stevens, 3005 East 23rd street, at 9:35 a.m. Wednesday.

## Five Charges Against Driver, 17, Dismissed

Five charges against James E. Leonard, 17, of 2159 Benton street, were dismissed Tuesday by Magistrate Hiscott when the arresting officer did not testify.

He was arrested early Aug. 22 on charges of driving while his license was suspended, leaving the scene of an accident, destruction of city property, intoxication and curfew violation. His car had jumped a curb at 22nd street and Grand avenue, knocking down a stop sign.

Mr. and Mrs. George Taylor and son, Michael, 2833 Dale avenue, and Mr. and Mrs. Thomas Alsop, 2636 Adams street, returned from Louisville Sunday afternoon after spending the weekend visiting Mr. and Mrs. M. A. Hawkins.

Mrs. Hawkins is now recuperating from a fall at her home in which she broke both arms. Mrs. Hawkins is the mother of Mrs. Taylor and Mrs. Alsop.

Edward Fowler, 2408 Terminal avenue, has entered St. Mary's Hospital in East St. Louis for a series of tests and may undergo surgery later this week.

Miss Cathy Fowler, daughter of Mr. and Mrs. Edward Fowler, 2408 Terminal avenue, returned home Tuesday from St. Elizabeth

Hospital, where she had undergone x-rays and treatment for a sinus infection. Miss Fowler will be confined to her home for several weeks while under doctor's care.

**TENTH BIRTHDAY OF TIMOTHY MCKINNEY**  
Timothy McKinney, son of Mr. and Mrs. Donald McKinney, celebrated his tenth birthday Sunday afternoon at his home.

Cake and ice cream were enjoyed by members of his family.

**FUNERAL OF FATHER**  
Mrs. and Mr. Watson Watkins, 2643 Edwards street, returned to their home Tuesday from Palmersville, Tenn., where they attended the funeral of Watkins' father, Mr. Oscar Watkins. The deceased was also the father of Mrs. Louella Fisher of Mitchell.

**Home Windows Smeared**  
Gene Moore, 2800 Saratoga street, reported about 9 a.m. Tuesday that while he was away on vacation between Sept. 12 and Monday vandals smeared soap or wax on windows on three sides of his home.

**SPECIALIST TRAINING**  
Word was received Monday that Airman third-class Richard McIntosh, son of Mr. and Mrs. Walter McIntosh, 208 Broadway, has been selected for technical training as a refueling specialist at Amarillo Air Force Base in Texas. He has just completed his basic training at Lackland Air Force Base, Tex.

**CRADLE SHOWER**  
Mrs. Richard Foote, 112 Granville street, was honored at a pink and blue shower held Sunday afternoon at the O & D Fellows hall. Hostesses for the occasion were Mrs. Edna Foote and Mrs. Ellen Douglas.

Replicas of infants mounted on butterflies hung from crepe paper streamers which decorated the hall. A doll in a cradle centered the gift table. Dottie Foote assisted her mother in opening the gifts for showing. Games were enjoyed, with each guest receiving a prize.

Seasonal flowers were used in table decorations, and a two-course luncheon was served. Those attending were Mrs. Mary Lou McKinney, Mrs. Opal Childron, Mrs. Pansy Day and daughter, Terry, Mrs. Mildred Harris, Mrs. Gloria Butts, Mrs. Marie Zeigler, Mrs. E. G. Swift, Mrs. Hazel Painter, Mrs. Norma Hillmer, Mrs. Virginia Peach, Mrs. Lucille Kalapour, Mrs. Carrie Thiele, Mrs. Bernice Frederick, Mrs. Irene Cole, Mrs. Billie McKenna, Mrs. Ida Peach, Mrs. Suzanne Garrison and son, Randy, Mrs. Nancy Jackson and a granddaughter, Cindy Wallace, Mrs. Dorothy Qualey, Miss Marilyn Frederick, Miss Cindy Guffey and the honoree's son, Richard.

**CLUB INDUCTING MEMBER**  
A meeting of the Ramrod club was held Monday evening at the home of Mrs. Viola Harrison, 2426 East 25th street. Mrs. Donna Naselroad, president, conducted a brief business meeting and introduced a new member, Mrs. Shirley Naselroad.

Games were enjoyed and prizes were awarded to Mrs. Mildred Scannell and the president. A desert luncheon was served, and others present were Mrs. Zelma Hart and Mrs. Mary Bantline.

The next hostess will be Mrs. Hart, 503 Jefferson avenue, Venice.

**AID FOR CRIPPLED**  
The investigating committee of the Venice Crippled Children's Organization met Monday evening at the Venice city hall with Mrs. Lorene Morris, chairman, in charge. Mrs. Valeta Bauder, secretary, gave a report. Bills were passed and donations were made.

It was announced that the organization has over \$400 in the treasury at the present time. A general meeting for Venice residents to plan the annual Venice

tripped children's Organization dance will be held at the Venice city hall Nov. 10 at 8 p.m.; May or John E. Lee will conduct the meeting.

Others attending Monday's meeting were Mrs. Mary Dixon, Mrs. Cecelia Warnhoff, Mrs. Debra Bosworth, Mrs. Virginia Lopez, Mrs. Jane Harris, Mrs. Jessie Foley, Mrs. Vivian Bilna, Jack Fields and Phillip Smith.

The investigating committee will hold a meeting in December.

A brief business meeting of Venice Rebekah Lodge 570 was held Monday evening at the Old Fellows hall, with Mrs. Ethel Dunnivant, noble grand, in charge. Reports were given and discussed.

Others attending were Mrs. Edith Carpenter, Mrs. Marie Zeigler, Mrs. Marje Purcell, Mrs. Madeline Smith and Miss Luella McCoid. The next meeting will be held Oct. 4.

**YOUTH GROUP FORMING**  
A Fellowship for Youth group was formed Sunday following the evening worship service at the Venice First Baptist Church. Gerald Byrd was elected president and Miss Donna Dollar will serve as vice-president.

Miss Patricia Byrd was elected chairman of the refreshment committee and will be assisted by Miss Betty Byrd, Mrs. Lois Bromley and Billy Young. Mrs. Ralph Dollar will sponsor the committee.

Miss Phyllis Hawkins was elected chairman of the games committee and will be assisted by Charles Dollar and Robert Young Jr., with Mrs. Mary Anderson as sponsor.

A fellowship hour will be held each Sunday evening following the worship service.

**BROTHERHOOD MEETS**  
A regular meeting of the Venice First Baptist Church Brotherhood was held Monday evening at the church. The meeting was opened by Roy May, president, who gave the devotions.

Officers elected were Albert Yearman, vice-president, and Clifford Johnson, secretary-treasurer. May had been elected president at a previous meeting.

Rev. Ralph Dollar conducted the first in a series of lessons from the church brotherhood guidebook. Closing prayer was given by Everett Wyatt.

Others attending were Ralph Anderson, Wesley Zeigler, Pat Goode, Charles Dawdy, Paul Minton, Ralph Bevers and Bernard Anderson. Refreshments were served.

**VENICE WOMEN'S CLUB PLANS FALL SCHEDULE**  
Mrs. Ruth Canner, Mrs. Viola Edmiston, Mrs. Clara Kraus and Mrs. Olga Goodrich are the hostesses Tuesday evening at a dinner party held at the Rose Bowl restaurant by the Venice Women's club.

A brief business session was conducted by Mrs. Madona Greshing, president. Mrs. Bernice Pace, treasurer, reported that a \$100 scholarship has been presented to Peter Fields, a junior at Murray State College, Ky. Plans were made to invite speakers to attend the fall meetings. The club's annual Christmas party will be held Dec. 9 at the Rose Bowl. Entertainment will be furnished and members may invite guests.

Games were played and prizes were awarded to Mrs. Irene Todd and Mrs. Ralph Dollar. A two-course dinner was served by the hostess, and others present were Mrs. Mary Anderson, Mrs. Gladys Nash and Mrs. Mary Metzger.

An election of officers will be held at the October meeting.

**DINNER FOR COUNTY DEMOCRATIC COMMITTEEWOMEN**  
A meeting of Madison County Democratic committeewomen was held Tuesday noon at the Sportsman's club in Madison. Sixty attended the pot luck dinner.

The Madison county chairlady, Mrs. Adelia Wright, presided at a brief business meeting. Several county courthousess officers were guests.

The next meeting will be held Oct. 19 in Wood River.

## Nameoki Road Plans Approved Again

Complying with state highway department requests, Granite City council members Monday

night approved the final plans for the Nameoki widening project north of Madison avenue, and adopted an ordinance to provide for the emptying of sanitary sewage into storm water drain-

age lines built in connection with the project.

The approval of plans was a routine matter, council members pointed out.

## Boy, 15, Caught in Stolen Car after Police Chase

A Madison high school pupil, only 15 years old, who led three units of police on a high-speed chase during a severe rainstorm in the Edwardsville area Tuesday morning has been charged with seven traffic violations. In addition, juvenile authorities will study the boy's case in connection with two car thefts that preceded the chase.

According to police reports, the youngster stole an automobile in Madison and drove to the vicinity of Sunset Hill Holiday Inn, where he abandoned it. A short time later, he took a car owned by a Holiday Inn watchman, Edward E. Hederhorst, Cahokia, Hederhorst, after completing his rounds, saw that his car was gone and called Edwardsville police.

A routine description of the missing auto, broadcast on police radio by Edwardsville, was received by Sgt. James F. Smith of the Edwardsville police department at 5:37 a.m. He saw the car a few minutes later. Smith gave chase, notifying county dep-

uties by radio that he had spotted the car and asking them to set up a road block at Holiday Inn, toward which the stolen car was headed.

Although Smith turned on his red light and kept the siren going, the driver of the pursued car refused to stop. Instead of continuing on the highway, the car turned off on Lewis road. Smith made several attempts to cut in front of the stolen auto, but each time the driver swerved ahead of him, running the patrol car off the road three times.

Smith radioed to state police and to SIU-SW police who joined in the chase, as the stolen car turned off Lewis road onto Poag road and headed back toward Edwardsville. Smith fired several shots in the air, but the driver failed to stop.

**Fires Fourth Shot**

Smith said the chase continued along Route 143 and the pursued car swerved wildly whenever police drew near. When Smith fired a fourth shot, the car speeded up, blocking attempts of police

cars to pull alongside.

On Route 143 the car ran off the highway long enough for Smith to pull alongside to fire a shot at a rear tire, but the bullet struck the fender, missing the tire.

For a while, the youth drove with his head on the window ledge as if he had been injured, and finally swerved off the road to permit Smith to pull alongside. As the officers did so the bumpers of the two cars locked and both autos pulled off the road and ran up an embankment, ending the chase.

SIU-SW Officer Rupert Carpusky and State Trooper William Goessman, who had been close behind, pulled up and assisted Smith in the arrest. The officers said the boy admitted stealing a red sports car in Madison prior to taking the car involved in the pursuit. Madison police, however, had no report of a car theft and Edwardsville police said they had no report as to ownership on another car.

The new 1965 Tri-Cities directory—listing 27,675 names of adults and business concerns in Granite City, Madison, Venice and Mitchell—is now being delivered to subscribers of R. L. Polk & Co., publishers of the directory.

The directory contains information about Granite City, Madison and Venice; a classified section; alphabetical list of names of residents; a directory of householders and a numerical telephone guide.

### Minor Auto Accident Leads to Two Charges

Two drivers face license charges as a result of a minor auto accident at 12:05 p.m. Wednesday at 20th street and Madison avenue.

Anthony Thebeau, 1729 Fourth street, Madison, and Wanda Tindall, 1807 Grand avenue, both headed south on Madison, had stopped to let a trailer truck make a left turn. Mrs. Tindall said her foot slipped from the brake, causing her car to hit the bumper of the other. She was charged with driving with no driver's license and he was charged with driving with an expired driver's license.

### Station Windows Shot

Vandals shot or threw marbles through windows on the north and east sides of a service station at 1302 Edwardsville road after 8 p.m. Tuesday, it was reported by Tony Eck at 7:40 a.m. Wednesday. Also broken was the windshield of an auto owned by a customer which was parked at the rear of the station.

### Hit-and-Run Accident

The left rear panel and bumper of an auto owned by James Lee Poole, 2514 State street, was week-

damaged by a hit-and-run driver last Friday in front of his home. It was reported to police this

TR 6-3040

Mr. and Mrs. Harold Sparks and children, Ronnie and Fay, and Mrs. Dorothy Scione of Bridgeton, Mo., spent Sunday evening visiting Mrs. Bertha Hall and Ben Williams.

Alan Gettleman, 402 Garden lane, received a first prize blue ribbon for a Phalaenopsis orchid grown in his home, at a Missouri Orchid Society show Sunday. A speaker from Quincy, Ill., discussed "Pesticides" that evening.

**FIFTH BIRTHDAY OF PATRICIA LEIBOLD**  
Patricia Leibold celebrated her fifth birthday Sunday with a party given by her parents, Mr. and Mrs. Gerald Leibold, 4289 Highway 162.

A decorated cake with five candles centered the table. Refreshments were served to Cindy, Susan, Jerry and Roseann Leibold, Sharon, Carmen, Juanita and Rusty White, Renee, Sherry and Debbie Mazzarella and Jan Leibold. The honoree received many gifts.

**WEDDING SHOWER**  
Mrs. Jeanne Deckard was complimented with a wedding shower Tuesday night by the ladies of the Pontoon Church of Christ.

The basement was decorated with white streamers and wedding bells. The gift table was also decorated with white streamers and wedding bells, and a money tree centered the table. Refreshment tables were decorated with white and red and dishes of mint.

Games were played and prizes were awarded to Mesdames Mary Dudley, Eunice Wilkerson and Annabel Murphy.

Refreshments were served to Mesdames Jane Ellsworth, Maude Somers, Luetta Anderson, Eunice Wilkerson, Lucille Klug, Lorene Erickson, Annabel Murphy, Sonja Belton, Anne Robertson, Arnette Madison, Wilma Mendenhall, Mabelle Van Scoyk, Corinne Kreher, Dorothy Lancaster, Doris Steward and Mary Dwyer and Misses Brenda Dawes, Gayla Jamerson, Barbara Hahn, Janice Robertson, John Finkhouser, Linda Ellis, Connie Henley and Linda Coleman.

The honoree received a number of gifts. Mrs. Deckard will be remembered as Jeanne Murphy.

**Junior Girl Scout Troop 453** met Tuesday evening at Stallings school by Mrs. Nadine Taylor. The meeting opened with the Girl Scout promise and songs. Plans were made for next week's meeting.

Girls present were Terry Mills, Debra Mills, Marsha Ren, Cynthia Leibold, Cynthia Taylor, Debbie McKee, Debbie Hand, Sandy Beckler, Mary Beckler, Jeanne Carver, Jeanette Weaver, Nancy Becker, Susan Mannors, Sherry Reynolds, Debbie Bayer and Charlene Kennerly.

**Boy Scout Troop 23** met Tuesday evening with Herb Pollock, Mel Wheeler, Floyd Ashoff, Chuck Miles and Mike Abernathy. Plans were made for a work detail at the campsite Saturday, and the boys worked on advancement.

Present were Joe Sobczak, Charles Polley, Glenn Ashoff, Barry Pickler, Bobby Pickler, Luzz McCabe, Peter Fourcalt, Danny Fourcalt, Chester Dean, Vaughn Wainright, John Stucke, Rudy Recker, John Harper, Danny Daigler, Jimmy Hickley, Roger Daigler, Danny Kreher and Willie Arnold.

**RETURN TO OHIO**  
Mr. and Mrs. Raymond Russell and children, Cindy, Bobby and Tammy, of Cleveland, O., left Tuesday after spending two days visiting Mr. and Mrs. John Hand and family, 3801 B street.

Mrs. Joyce Hand, 3801 B street, entered St. Elizabeth Hospital today to undergo tests.

**Ranft Workers Strike Over Wage Differential**

A work shutdown at J. C. Ranft Bottling Co., which started Monday, continued today over a dispute on wage differentials.

At issue is the contract which provides lower wages for inside men, including vending machine servicemen, than for delivery men.

Carl Ranft, company president, said negotiations are under way with Teamsters & Chauffeurs Local 525 and both sides are attempting to reach a settlement.

**Hit-Run Collision**  
A four-door, 1959 auto owned by James Parris, 1013 Main street, Venice, was damaged on the left side at 7 a.m. today when it was struck while parked in front of his home. Venice police said it was a hit-run accident.

## District DUV Meets Here, Elects Officers

More than 45 delegates attended the 39th annual convention of District Eight, Daughters of Union Veterans of the Civil War, held yesterday at St. Peter United Church of Christ.

Representatives were on hand from seven of the ten towns which comprise District Eight. They included Tent 23 of Alton; Tent 71 of Jerseyville; Tents 90 and 92, Granite City; Tent 96, Edwardsville; Tent 101, Madison; and Tent 91, Benton. Other district chapters are Tent 19, Collinsville; Tent 68, East St. Louis and Tent 94, Centralia.

Aunt Becky Young, Tent 92, served as the host chapter, with Mrs. Grace Bourton, president, welcoming the district officials and members. The business session, program and election of new officers were conducted by Mrs. Violet Kassaubaum of Granite City, the retiring district president, who was assisted in office by Mrs. Freda Hefly of Dow, Ill., a member of the Jerseyville chapter. Distinguished guests who attended included Mrs. Bessie L. Smith of St. Louis, a past national president; Mrs. Laura Holman of Benton, Ill., author of the "Holman Cookbook of Famous Personalities"; and Mrs. Irene Haug and Mrs. Irma Taylor, both

of Granite City, who previously served as district presidents. The morning session was opened with prayer by Mrs. Frances Conlee of Alton, district chaplain, and a moment of silent prayer was observed in memory of deceased members.

Presentation of the colors was made by Mrs. Alma Ryan and Mrs. Marilyn Coolbaugh of Edwardsville, Mrs. Mary Arter, Jerseyville and Mrs. Pearl Ward of Granite City.

During the business meeting, annual reports were presented by the various district officials, including Mrs. Kassaubaum, Mrs. Edna J. Barnes, treasurer and Mrs. Louise Thompson, secretary, all of Granite City, and Mrs. Norma Hennehan, historian, of Jerseyville. Each of the Tent presidents gave a brief summation of their accomplishments.

Other 1965-1966 officers elected to serve with Mrs. Hefly, including Mrs. Elizabeth Morrison, Granite City, senior vice-president; Mrs. Della Thackston, Edwardsville, junior vice-president; and council members, Mrs. Emma Hubbler, Mrs. Marilyn Coolbaugh and Mrs. Kassaubaum. Remaining officers will be appointed by the new district executive at a later date. A noon luncheon was served by

women of the church at tables appointed with arrangements of fresh garden flowers and tall candles in crystal holders. Special luncheon guests were Rev. Robert Baumann, pastor, Ernest Kassaubaum and John Holman of Benton.

Installation ceremonies were conducted during the afternoon and the delegates heard an address by Mrs. Holman, who discussed her experiences in compiling the four cookbooks she has authored. Before adjourning, the retiring president was presented a number of lovely gifts from her friends and fellow district officers.

### SORORITY CHAPTER VISITS PLANETARIUM

Taking the place of the September social meeting of Epsilon Eta Chapter of Epsilon Sigma Alpha sorority last night was a trip to the McDonnell Planetarium and a talk on "The Realm of the Galaxies." In the party making the trip were Mesdames Jo Ann Brog, Nancy Sabo, Carol Grove, Charlotte Atkinson, Mary Ellen Steinhauser, Judy Hinterser, Janice Boyer, Roberta Arbiter, Lucille Trutschel, Glenda Moore, and a guest, Mrs. Shirley Robinson.

RETIRING DUV DISTRICT PRESIDENT, Mrs. Violet Kassaubaum, Granite City, presents the gavel of office to her successor, Mrs. Freda Hefly of Dow, Ill. New district officials elected yesterday, left to right, are Mrs. Irma Taylor, Tent 92, a past department president; Mrs. Elizabeth Morrison, Tent 90, district senior vice-president; Mrs. Hefly, Mrs. Kassaubaum; Mrs. Laura Holman, Tent 91, Benton, Ill., speaker, and Mrs. Della Thackston, Tent 96, Edwardsville, junior vice-president.

### UPW CIRCLE ELECTS OFFICERS

The Circle Five of the United Presbyterian Women of First United Presbyterian Church met last night in the home of Mrs. Florence Woodward, 3116 Davis avenue. Mrs. Forrest Browning was co-hostess. Officers elected for the coming year are Mrs. Charlotte Lierman, general chairman;

Mrs. Virginia Evans, fellowship chairman; Mrs. Margaret Coo, program chairman; Mrs. Brown, World Service chairman, and Mrs. Woodward, secretary-treasurer. Mrs. Evans presented the devotions and lesson for the evening. Refreshments were served to seven members.

## Mathematics is Frohardt Topic

"Modern mathematics was the main topic at a monthly meeting of the Frohardt PTA Tuesday evening. President Francis Herman presided, and Mrs. Mary Jesse led the PTA prayer. Presentation of the flag was conducted by Troop 22 of the Boy Scouts. Mrs. Sandy Harper was appointed chairwoman of the Hospitality committee. Nominations for treasurer were presented, and an election was held, with Principal Reid instilled by Mrs. Mary Jesse.

Mrs. Charlotte Gauen gave a report, and the budget was presented and approved. Mrs. Elkins' room won the attendance banner.

Introduction of new teachers was conducted by Reid, and the Hospitality committee presented each with a gift. The program was introduced by the chairman, Mrs. Elizabeth Briggs. It was entitled "Fundamentals of New Mathematics," and was given by Robert Nelson, mathematics department head at Granite City high school.

Refreshments were served by second grade room mothers. The second grade room mothers' meeting will meet Oct. 12 and the meeting will be open to the parents of the new PTA meeting will be Oct. 19.

### RECEPTION PLANNED AT MITCHELL SCHOOL

A reception for parents of kindergarten children and for new parents in the community, sponsored by the Mitchell PTA, will be held in the school gym Monday, Sept. 27, at 7:30 p.m. The reception will be a social hour, enabling the parents to become acquainted with the teachers, principal and PTA officers. The Hospitality chairman, Mrs. Joyce Carper and Mrs. Barbara Thibodeau will be in charge. There will be get-acquainted games, refreshments and a prize. Both mothers and fathers are being urged to attend.

Miss Sonnet Ghyss of Elkland, Mo., returned home Sunday after spending the weekend visiting at the home of Mr. and Mrs. Robert Weeks, 129 East Chain of Rocks road.

Mrs. Eunice Price, 125 Douglas place, returned home Tuesday evening, where she spent a few days visiting at the home of her brother-in-law and sister, Mr. and Mrs. Carl Borders.

### SCOUT EXCURSION

Girl Scout Troop 229 met at St. John's Church Tuesday evening, called to order by the new president, Donna Boyd.

The executive board will meet Oct. 11 with Mrs. Burns, Rural Route One. The club will meet Oct. 18 at the KD building, with Mrs. Koyar, Mrs. Burns and Miss Juanita Bell as hostesses and Mrs. Barbara Moore preparing a homemade article.

### Webster PTA Elects Officers

The Webster school PTA held its first meeting of the fall Monday evening, with an election of officers and committee chairman held. The officers and committee chairmen are: president, Mrs. Jeanette Morien; vice-president, Mrs. Elise Girard; secretary, Mrs. Helen Frazier; treasurer, Mrs. Patricia Pool; parliamentarian and legislation chairman, Principal Clyde Lee; room mother chairman, Mrs. Mae Lee; membership chairman, Mrs. Glenna Staggs; publicity and historian co-chairmen, Terry and Shirley Toland; and Hospitality chairman, Dolores Sanders.

### Husband of Former GC Resident Dies

Funeral services were held this morning in Collinsville for Philip Clure, 54, of 314 Hillside drive, Collinsville, husband of the former Miss Elizabeth Sons of Granite City. Burial took place in Fairfield, Ill.

### Pre-Sentence Hearing For Kelley Continues

A pre-sentence hearing for Paul David Kelley, 18, of Mitchell, who had pleaded guilty to murder, continued into this afternoon before Circuit Judge Joseph J. Barr in Edwardsville. The hearing began at 1 p.m. Tuesday and the case is under review with witnesses being heard and mitigation considered. Kelley and two others were convicted in the fatal shooting Feb. 4 of Aaron Leggett, maintenance man at the Arlington golf course. The other two, now inmates at Menard penitentiary, are Ernest Lloyd Nicholls, 48, of Mitchell, who was sentenced to a term of 100 to 150 years, and his son, Charles Nicholls, 21, who was sentenced to a term of 75 to 125 years. The elder Nicholls is Kelley's brother-in-law.

## Needle Breaks Off In Child's Foot

Terrie Moore, 23-month-old daughter of Mr. and Mrs. Theron Moore, Rural Route One, was admitted Tuesday at St. Elizabeth Hospital, after a sewing needle became embedded in her left heel and broke off. Also admitted with an injured right foot was Miss Sharon Martin, 18, of East St. Louis, who struck a table edge while ballet dancing and sustained a possible fracture.

Others, treated in the emergency room and released Tuesday, included Mrs. Alva Haggard, 62, of 2441 Hodges avenue, who fractured her left foot in a fall; Tommy McIlroy, 18 months, son of Mr. and Mrs. Horvel McIlroy, 2040 St. Clair avenue, who

injured his right shoulder when he fell from a couch. James Mathews, 24, of 2644 Highway 67, who cut his left middle finger on a knife; William Kuehnle, 20, of 1718 Delmar avenue, who had seven sutures taken in his right arm which he cut on glass; and Dale George, 17, of 1708 Third street, Madison, who underwent rib x-rays after he was knocked down during football practice.

### Car Hits Signpost

An auto driven by George Bogovich of 1 Riviera drive was damaged at 1:25 a.m. Wednesday when it struck a sign post at the State street cut-off on Broadway in Venice. Police reported Bogovich was headed north and making a left turn.

### SURPRISE DINNER

A surprise birthday dinner for Mrs. Dorothea Ashley was given Tuesday evening at the home of Mr. and Mrs. Larry Ashley, 1637 Sixth street.

Dinner was served to Mr. and Mrs. Ed Ashley, Mr. and Mrs. Jim Ashley, Mr. and Mrs. Wade Rollins and son, Jim, Mrs. Gusie Cheatham and Mrs. Isa Scott, who recently arrived here from Scotland.

### SCANDINAVIAN TOUR

Harry R. Johnson, former postmaster of Madison, will show slides Sunday at the 7:30 p.m. worship service at the First Methodist Church in Madison. Scenes of Norway, Sweden, Denmark, Germany and Switzerland, taken by Johnson on his vacation last year, will be shown. Following the slides, there will be a fellowship time in the basement of the church.

### GOLDEN ANNIVERSARY

Mr. and Mrs. Jack Kowal, 1707 Edwardsville road, Madison, celebrated their 50th wed-

ding anniversary this week by attending high mass in their honor at St. Mary's Church in Madison with their children, Albert Kowal of Madison and Mrs. Vera Kuhlman of St. Louis. Their grandchildren and great-grandchildren also attended, and many friends called on them to congratulate them.

Junior Girl Scout Troop Three met Monday in the cafeteria of Louis Baer school with the leader, Mrs. Bernadine Weidner. The meeting was opened with a flag ceremony.

The girls are getting ready for their rededication, which completes their transfer from Brownies to Girl Scouts, and practiced the Girl Scout promise and laws. The girls looked over various patterns for their new troop, but reached no decision on which crest to adopt for the troop. After practicing of new songs, the meeting was closed with "Taps."

Others present were Gale Chastain, Ruth Fanning, Sally Grimes, Rebecca Hall, Roberta Hall, Barbara Kissel, Debbie Kelly, Laura Nielsen, Elita Nappier, Jean

Paskus, Peggy Stagner, Sharon Serini, Christie Skelly, JoAnn Weidner, Patti Malone, Janice Warchol, Kathy Wilson and Kathy Leisner.

The troop will not meet next Monday, but will meet before the Oct. 4 rededication ceremony.

Mrs. Nettie Gnojewski, 1608A Fifth street, entertained members of the Po-Ke-No club in her home Tuesday evening. Po-Ke-No was played, and Mrs. Hazel Swigert was the winner.

Others present were Mrs. Marie Stawar, Mrs. Betty Allen, Mrs. Veronica Kula, Mrs. Margaret Fecurka, Mrs. Pat Gerkin and Mrs. Hazel Hinson. Mrs. Gnojewski served refreshments. Next meeting will be Oct. 5 in the home of Mrs. Hazel Hinson, 1530 Third street.

St. Mary's Den Two of Cub Pack 47 met Monday evening at the home of the den mother, Mrs. George Stenitzer, 1009 Grand avenue. After a flag ceremony, the boys worked on handicraft.

Final plans were discussed for the den's Saturday morning trip to the Ringling Brothers, Barnum & Bailey Circus.

The boys welcomed five new members to the den. John Bulva, Donald Katpowicz, Butch Ruesing, Jerry Piantoni and Kevin Werner. Louis Arnold also will join the troop, but was unable to attend Monday due to illness.

Others present were Victor Barnhart, Paul Bonk, Ricky Martes, John Piechocinski and George Stenitzer. A birthday cake in honor of the birthday, Ricky Martes was served. The next meeting will be next Monday.

### ACES EIGHT MEET AT PRITCHARD RESIDENCE

The Aces Eight card club met Tuesday in the home of Mrs. Bertha Pritchard on St. Thomas road for a monthly gathering.

A one o'clock luncheon was served by the hostess, followed by card games. Those excelling were Mrs. Margaret Rimarek, first; Mrs. Catherine Moser, second; Mrs. Rosemary Kozar, third; and Mrs. Frances Wade, fourth.

Others present were Mesdames Mildred Roberts, Bertha Becherer and Clara Schillinger and Mrs. Kozar, a guest. Mrs. Rimarek invited the club to meet in her home, 4069 Stearns avenue, for the next meeting Oct. 19.

### RUTH BIBLE CLASS MONTHLY MEETING

A monthly meeting of the Ruth Bible class of Calvary Baptist Church was held Tuesday at the church. The meeting was opened with prayer by Mrs. Sue O'Masters and devotionals by Mrs. Hazel Brooks.

A business meeting was conducted and old and new business was discussed. A spaghetti supper is planned for the next meeting Oct. 19, when election of officers for the coming year will be held.

Refreshments were served by the month's hostesses, Mrs. Goldie Richie and Mrs. O'Masters, to Mesdames Helen Atwood, Gusie Hessman, Elsie Thomas, Zula Cruse, Ruth Connors and those named.

Next meeting will be held at the church.

Mrs. Twila McKinney was elected as president of the Nameoki PTA and Mrs. Lorene Whittington was elected as recording secretary at the first fall meeting Tuesday evening at the school, opened with prayer by Rev. Chris Moller, pastor of Grace Baptist church.

Miss Nolle Gibson thanked the PTA for a program held in her honor when she retired at the end of the last school term. Mrs. Carol Merz, vice-president, announced the Area PTA Council pot luck dinner Sept. 29 at Logan school.

Donald Kopp, principal, introduced new teachers, Mrs. Linda Felchlin, second grade, Richard Brinkhoff, fifth grade, Mrs. Jane Webb, speech correction, and Mrs. Mary Lou Hudson, remedial reading.

Kopp read a letter from Mayor Partney on school crosswalks; the mayor said there are crosswalks and guards, but parents should help see that precautions are observed and rules obeyed. Kopp also noted that there is now a transit officer.

Announcement included a "play day" for parents who are PTA members at the school Oct. 7; no children will be present. Annual magazine sales con-

ducted by the students will begin Sept. 23.

Jim Roller, treasurer, submitted a budget, which was approved by the members. Mrs. Merz introduced Ralph Monken of the Area Council who explained a plan for a PTA representative to attend school board meetings. He also explained specific duties of the health chairman.

Mrs. McKinney, Mrs. Beverly Justin and Mrs. Jo Ann Harrison of the nominating committee submitted the names for the election. Kopp installed Mrs. McKinney as the new president and will conduct the ceremony for Mrs. Whittington, who was unable to attend, at the next board meeting.

Gene Monahan's room was awarded a prize for the largest number of parents in attendance. Refreshments were served by the executive board in the cafeteria.

## SW Bell and IPC Tell GC Council Of CATV Problems

Problems that could arise if the city entered a franchise with a closed circuit television distributor were outlined for Granite City council members Monday night by representatives of Southwestern Bell Telephone Co. and Illinois Power Co.

Community Antenna Television (CATV) has been rejected by the Belleville council, and Mayor Farney said he invited the telephone and power companies to explain the problems encountered since an overture has been made to the city for such a franchise.

"I want the council members to be fully aware of the situation, especially since a private firm offered the city a 3% franchise during a dinner meeting last July," the mayor said. The proposal was by JFD Electronics with offices in Chicago and New York.

**Original Plan**

It was explained that CATV was originated to serve communities in isolated areas or behind mountains where reception was difficult or in other areas served by only one or two stations. However, it now is being expanded to other communities.

Both the telephone and power companies said they would be reluctant to lease their poles for television cables and service lines to homes. They pointed to hazards in overcrowding poles and their intentions to gradually switch to underground lines. Illinois Power Co. indicated it might go into the CATV business itself.

Elmer J. Weber and Warren Roberts of the telephone company pointed out the federal interstate Commerce Commission and state commerce commissions have not yet set up regulations governing CATV and that the city would have to solve its own problems without assistance should it enter a franchise.

Both cautioned of unsightly conditions should a CATV firm be forced to install its own poles. "If you do enter such a franchise," Roberts cautioned, "you should insist on compliance by the company with the National Electric Safety Code."

He added that such firms often seek such franchise two or three years before beginning the service.

No action was taken by the council.

## 7 Choral Groups Planned At SIU-SW Campus, Centers

It's a far cry from a Bach cantata to a Broadway hit tune, but both extremes and everything in between will be within the scope of seven choral groups on Southern Illinois University's Southwest campus and East St. Louis campuses this fall.

Formation of a new Male Chorus and a Women's Glee Club at the new southwestern campus and of the Peck Classroom Singers at the East St. Louis campus are of special interest to students attending classes there, since no auditions are required. A "healthy love for lusty singing" is all that is necessary for membership in either group, according to director of choral activities Dr. Leonard Van Camp.

The two new groups will specialize in music written especially for all-male and all-female ensembles but also will perform standard works, spirituals, folk songs, and Christmas carols. They will make both separate and joint appearances.

Established SIU choral groups which already have won critical acclaim for their performances are the Collegiate Singers, the University Chorus, the Madrigal Singers, and the popular Community Choral Society composed of both students and residents of over 20 nearby communities.

The Community Choral Society has the Collegiate Singers, the University Chorus, and the Madrigal Singers and the SIU Symphony Orchestra to present Handel's oratorio "The Messiah" before a standing-room-only audience in Edwardsville.

The seventh choral group, also new on the southwestern campus this fall, will be The Concert Chorale whose limited membership

ship of trained voices was selected during intensive auditions last spring.

Students who have already enrolled for classes at the new campus but have not signed up for the Male Chorus or the Women's Glee Club may do so during program adjustment day on Saturday from 9 a.m. to 4 p.m. at the Peck Classroom Singers. Students not yet enrolled for classes but interested in joining one of the groups have until Wednesday, Sept. 29, to apply, also at the new campus. The courses carry one quarter hour credit.

### Wortman to Face New Trial Oct. 4

Former underworld boss Frank (Butter) Wortman will face three counts of tax evasion in a new trial on Oct. 4.

Wortman will be tried for a federal government charge of trying to evade \$38,822 in taxes for the years of 1953, 1954 and 1955. An earlier trial on the same charges in 1962 ended with the jury unable to reach a verdict.

In the same trial in 1962, he was convicted of conspiring to evade federal income taxes and given the maximum sentence of five years in prison and a fine of \$10,000. A United States Circuit Appeals in Chicago later reversed that decision.

The new trial, to be held in the court of Federal Judge William E. Juergens, was first set for Feb. 8 of this year, but was postponed when Wortman suffered a heart attack in East St. Louis.

### Martin VanLopik, 54, Dies in Michigan

Martin John VanLopik, 54, who moved from Granite City last weekend to Holland, Mich., died unexpectedly Tuesday evening of an apparent heart attack, at the home of his sister, Mrs. Herman Buscher of Rural Route One, Holland.

Mr. VanLopik and his wife, Almada, had planned to make their home with Mrs. Buscher. He had been employed for two days with Scott's, Inc., in Douglas, Mich., and was formerly a helper at St. John's Cemetery on Nameoki road.

Born in Holland, Mich., Mr. VanLopik had moved to St. Louis in 1947 and had resided in Granite City since 1954.

Other survivors are four daughters, Misses Diane, Sandra and Sylvia VanLopik, all of St. Louis; and Mrs. Odessa Leley of Graham, N. C.; a son, Donald VanLopik of Graham; two stepsons, Richard Bobb of Granite City and Airman First Class Ronald Bobb, who is stationed at Goose Bay, Labrador; and three grandchildren.

Funeral services will be conducted Saturday in Holland.

### Church Services being Conducted for Deaf

Dr. E. H. Theis is advising deaf citizens with hearing problems that the Rev. Mrs. Constance Elmes, Methodist minister to the deaf in the Midwest, will be at Webster Hills Methodist Church, 688 West Lockwood avenue, Webster Groves on the second and fourth Thursdays of each month.

She and her father, who preceded her in her specialty, have had a continuous ministry to thousands of deaf persons throughout the Midwest since 1893, Dr. Theis explained.

During the service Mrs. Elmes interprets the prayers, hymns and sermon by means of sign language. Persons with friends, relatives or acquaintances who are deaf are urged to invite them to attend.

Refreshments are served at the Webster Hills church at 6:30 p.m. and the worship service is at 8 p.m. The church provides transportation for those who need it.

### 21-Day Work Sentence

James Otis Gibbs, 18, of 135 Garesche Homes, Madison, was sentenced to 21 days of work for the city in lieu of a fine of \$100 plus costs by Magistrate Hiscott Wednesday. He was arrested on a petty theft charge June 23 by Madison and Venice police.

## Shift in School Crossing Guards Proposed, Rejected

Removal of school crossing guards from crossing with electric traffic signals is under study by the Granite City Council, and reassignment of two guards to crossings on Fehling road at Oregon avenue and at State street was requested.

No action was taken on the removal recommendation, while the assignment of guards to the two crossings along Fehling road was voted down. Several aldermen indicated they had misunderstood the motion and thought additional guards were to be hired.

Request for the Fehling road guards was made by Alderman Robertson, who said the number of youngsters using the crosswalks is increasing each year.

Mayor Partney said the hiring of adult watchman at crossings with electric signals was subjecting the city to ridicule and that Granite City is probably the only

city in the state that follows the practice of such double protection.

"A schoolboy patrol could push the traffic light button at the school crossing lights," he commented. The guards are located at signal lights at 20th and Madison, 29th and Madison and 20th and Benton streets.

Legality of the city's request for the school district to at least share the cost of crossing guards is being studied.

Several aldermen commented that school crossing guards could be hired for every school crossing within a five-block radius of each grade school, and that at least 25 could be used along Nameoki road. "Where is it going to stop?" Alderman Whitmer commented.

It was noted the initial recommendation was for four guards to the city added one at the outset,

and now there are 12.

The issue arose late in the council session, and the vote for the guards along Fehling road was 5-to-7. Voting for the reassignments were Norn, Basarich, Johnson, Robertson and Poulos. Opposed were Whitmer, Boyd, Sternberg, Thompson, Fry, Parnley and Green.

Bids for rain gear for the crossing guards were referred to the Police committee.

## GC Dump Closes Daily at 4:30 p.m., Council Advises

After hours dumping at Granite City's dump is posing problems in complying with state laws governing landfill operations, and council action may be taken to penalize individuals dumping trash and garbage indiscriminately, it was reported Monday night.

Alderman Boyd, chairman of the Sanitation committee, said the dump workers usually find piles of trash and debris at the dump when they arrive at work in the morning.

He stressed that the dump is open for Granite City six days a week from 8 a.m. to 4:30 p.m., and that state law requires all debris and garbage to be closed before the dump is closed each day.

Merrill Burnidge, branch manager for the local operation of National Disposal Co., told the Press-Record it takes about an hour each morning to clean up the debris at the gate.

On several occasions, persons have broken the gate to get in the dump and discard trash, Burnidge said.

## Medicare Explanations Mailed

(This the fifth in a series of columns by Ralph Brashers, social security district manager in East St. Louis, telling what the social security amendments of 1965 mean to Quad-City families.)

The first mailing of informational leaflets explaining supplementary medical insurance for the aged is now being made to people who will be 65 or over before Jan. 1, 1966, and who receive monthly social security or railroad retirement benefits.

An enrollment card is included with the leaflet so people can tell the Social Security Administration whether or not they wish to enroll in the voluntary medical insurance plan.

Instructions for completing the card are in the leaflet. An addressed envelope requiring no postage is enclosed for the convenience of beneficiaries in promptly replying.

**No Cause For Concern**

Not all beneficiaries will receive their enrollment cards and leaflets at the same time. Brashers advised people not to be concerned if they do not receive their leaflets and enrollment cards immediately. It will take several weeks to mail the leaflets and cards to the more than 15 million social security beneficiaries 65 and over.

All will receive information in time for them to make their decision about enrollment in the medical insurance plan before the end of the initial enrollment period, March 31, 1966.

I suggest that if anyone has a question about their rights or responsibilities under the social security law, they write, phone or visit the East St. Louis district office, located at 438 Missouri avenue. The telephone numbers are EXpress 7-3540 and BRidge 4-2000, Extension 344.

## AMBYLOPIA A THREAT TO CHILDREN'S VISION

About 5000 preschool children in Illinois are afflicted with amblyopia... and each year hundreds of people find out what it is.

What is amblyopia?

Amblyopia—often called lazy eye blindness—is not a disease, but rather a failure to learn how to see.

Until about three months of age, an infant sees only one eye at a time. His brain cannot yet handle the images which come to it from both eyes.

Eventually, he finds out that if he overlaps these images in his brain, he sees more clearly. This overlapping—called fusion—is usually learned by the age of six months. But the child is two years old before the technique is fixed firmly.

**Cause Of Problem**

With amblyopia, fusion is never learned. The image from one eye is blurred by some disorder—perhaps farsightedness, astigmatism, or a muscle of the eye being too long or too short.

When the child tries to fuse this image with that of his good eye, he does not see clearly in these cases. So he suppresses the blurry image of his weak eye and, in doing, he stops it from developing.

As a parent, you may find it difficult to detect amblyopia in

your child, for his eyes may appear straight, bright and clear and he may seem to be seeing many types of medical examinations.

And, since no child knows how he is seeing, he usually accepts his visual problem without complaint.

**Suspicious Actions**

But your suspicions should become aroused if you notice him blink or frown at an object, close one eye, rub it, or tilt his head to look at something.

Even if these symptoms do not appear, all children should have an eye examination by the age of three or four—especially children born prematurely and those whose parents have amblyopia, a high degree of nearsightedness, or astigmatism.

This is vital because the development of vision stops by the age of six or seven.

After that the amblyopic eye is blured by some disorder and any attempt to correct it is long, costly and frequently useless.

Once the condition of amblyopia is diagnosed, your doctor can begin treatment immediately. Whatever treatment he recommends—either eye drops, exercise or minor surgery—amblyopia can be corrected.

Although it may take a year or two to strengthen the weak eye, treatment at age three or four is almost 100% effective.

### SEWER PLAN DEFEAT PROGRESS IN REVERSE

To the Editor:

The Committee for Economic Improvement for Namooki Township, together with the Granite City Press-Record, are to be congratulated for retarding Namooki township economic progress.

Through their combined efforts they have been instrumental in the loss of a federal water grant of some \$700,000, thereby defeating the installation of a township-wide sewer program. As a result, the city of Granite City has started annexing portions of Namooki township, subdividers have started home building, and industry is bypassing the area.

Using the excuse, "no sewers," the Granite City school board is considering changing the location of the new junior high school from land already purchased in the Puntone area of Namooki township to Granite City because of the excessive cost of tying into the Granite City sewer system. Engineering surveys regarding growth potential and location of schools have been ignored.

To me, this is progress in reverse.

C. ARNOLD RUTHERFORD  
4035 GARDEN ROAD

### STRONG PUBLIC SUPPORT CITED BY MISS ILLINOIS

To the Editor:

Now that I'm finally settling down to a normal school schedule, I think it only right that I transform my thoughts and emotions into words which, in some small way will express my gratitude to all the people of Granite City.

Never in my life did I ever dream that such an honor as the Miss Illinois title would be given me.

Representing my city and state is a thrilling experience, but all of it has been enhanced one hundred times by the good will and warm wishes the people have extended.

All along the way, outsiders have commented on the unusually hearty support given me by my city, and I have been proud to say that Granite Cityans are my friends.

Because it would be impossible to thank each person individually, may I utilize this way of expressing my sincere thanks?

### RESIDENT CITES SEWER OUTLET AT LONG LAKE

To the Editor:

We have a stormwater pipe that runs into Long Lake, and it is being used for sewerage pumped into their back yard. We believe this is against the federal, state and city laws and even any unwritten law, but not against the law in the village of Pontoon Beach.

How many people can sit back and watch raw sewage being pumped into their back yard? How can we ignore it when we can notice it every time we go outside? The village officials have given me the impression that I should forget all about it. Children swim right in the pipe. People eat fish from the lake.

Can we just forget it? Can we stop it? Anyone who has a sewer, please help us. Election time is not too far off.

### Opening Of New University An Historic Event In The Quest For Truth, Progress

The gleaming air-conditioned classroom and library buildings placed in use today at the Southwestern campus of Southern Illinois University are far removed from the "little red schoolhouses," the log structures and earlier facilities in which Americans sought to advance their knowledge and understanding.

But though they are more sophisticated, there remains a down-to-earth aspect in the facts and philosophies which will be taught at SIU-SW, the major four-year state university officially born today in the spacious and beautiful bluff area immediately east of the Quad-Cities.

Higher education is an essential for the men and women of mid-America in the mid-1960s—not merely so they can earn a living but so they can grasp what is happening in their civilization and react constructively in ways beneficial to themselves and mankind.

Burgeoning complexity of the space age has intensified teaching at all levels with universal placing greater stress on quality and achievement both in the classroom and research laboratory. Close attention also is being directed to the humanities, for the bigger the horsepower for the people through life, the greater the need for intelligent steering and adequate braking power.

Man must remain the master of his constantly more intricate existence. He must never lose sight of the values and concepts that will remain timeless and unchanging.

We have great hopes for this university, toward which we hold somewhat paternal pride, having been an early advocate and contributor to its complex acquisition fund. It is being built in the right place at a time ripe for public service, providing badly-needed educational opportunities and the kind of informed leadership so valuable to a rapidly-growing region.

Even more important, its bright beginning gives hope that it can aid not only the Illinois Metropolitan Area but America and the world in the unending search for truth, progress, fairness and fulfillment.

### GOP Goal—Unity For Survival

There is considerable difference of opinion over whether Gov. Romney of Michigan should be the next national standardbearer, but there is widespread agreement on his call for Republican unity in the 1966 elections.

It is important to all citizens, both Democrats and Republicans, that a strong two-party system be maintained; no matter how "benevolent" initially, eventually would bring harsh dictatorship.

As the governor said in a visit to this metropolitan area earlier this month, it would be a mistake for the GOP to conclude that after its decisive 1964 defeat there is nowhere to go but up. "There is another way to go besides up; it's down. Things can get worse. And once a party abandons hope of winning, it loses its appeal, its vitality and its future."

High-caliber candidates and eloquently presented issues have pulled political parties "up by their bootstraps" in the past, and we recommend a strong dose of this medicine for the ailing Republican party.

### No Roomers Wanted—GC to Label Main Fire House

A sign with foot-high letters is being placed in front of the fire station so that strangers will not confuse it with a motel.

The council authorized bids to be received for the lettering and signs passing through had stopped to inquire what the modern design building is—some thinking it to be a motel.

The call for sign bids was approved as a wide variety of business was conducted during a 3 1/2-hour session.

Lettering on the fire house sign specified Granite City, Ill. The council authorized that only 3 1/2 sign was placed at the new West Granite fire station, and he was the only alderman to vote against the call for bids.

**School Is an "Island"**

Annexation of the Wilson grade school site on Wilson avenue in Glenview subdivision was reviewed on a recommendation by the City Plan Commission. City Atty. Richard Allen, was instructed to work with School Atty. Maurice Dalley to prepare the necessary legal work.

The school tract is completely surrounded by the city which has grown around it, and several months ago the discovery was made that the school is not in the city.

Authorization by the U. S. Department of Health, Education and Welfare Division, Chicago regional office, was received for change orders for widening the street, adding tile floor and different color brick for the city's sewage treatment plant was received Monday night.

### Three Autos Damaged Ten Tickets Remain For 'Carousal' Trip

Three autos were damaged in a 3:45 p.m. collision in Madison Tuesday at second street and McCambridge crash.

Police officers the mishap occurred when a car driven by Dennis W. Garofoli of 2101 Hildebrand street, Madison, Mo., was backing out of a driveway on Second street to make a left turn into McCambridge and collided with an auto driven by John R. Fierce of 1001 S. W. Olin Vocational School of Alton senior high school, has been elected a member of the executive board of the Alton school district, and an alternate delegate to the Marquette Division delegate session Sept. 20-22 at St. Louis. Mrs. Batson is building representative for the Olin faculty.

### Growing Support For Itemized City Expense Reimbursements

With Aldermen Boyd and Rutledge commenting Monday night that they are not opposed to itemized expense allowances, the number of Granite City council members favoring flat convention payments is dwindling fast.

This is not surprising, since most of the aldermen undoubtedly are interested in giving the public full value for its tax dollars. Examples of this commendable attitude are Monday's adoption of a competitive bidding policy on purchases and contracts, and the new policy of welcoming citizens "bids" and seeking solutions for them on the second Monday evening of each month. As Mayor Partney explained, "We are interested in their problems and want to help them."

The issue on convention reimbursements is simply whether city officials want to hide their expenditures from the people. We don't think they really have anything to hide; if this is so, public suspicions are being needlessly aroused by the lack of specific financial disclosures.

A policy of itemized reports would be in harmony with the council's goal of "immediate solutions," because it would instantaneously resolve all doubts in citizens' minds—doubts that are valid as long as there is secrecy in spending.

We are sure Mayor Partney would be pleased to see an itemization procedure established. As an alderman, he declined to accept un-itemized allowances.

### Madison, Venice Zoning Can Benefit Entire Community

Madison and Venice mayors and city councils are moving in the right direction in preparing a comprehensive zoning ordinance for their cities.

Granite City already has a zoning code, and approval of such ordinances in the other two cities would extend the benefits to most of the Quad-City's unincorporated areas are protected by Madison county zoning.

As will be recalled from the extensive discussion preceding enactment of the county program, zoning encourages orderly growth and development, safeguards property investments by permitting compatible land usage and preventing structures or activities detrimental to neighboring property.

The proposed Madison and Venice documents and procedures are expected to be helpful in leading to greater coordination of planning in anticipating and meeting future needs of this community.

### Water Supply—A Horn Worth Tooting

Already critical water shortages in the East, Southwest and Midwest are reflected in the growing number of cries for greater federal regulation of rivers flowing across state lines.

But regardless of how much such control may grow, our mid-center location on the banks of the major water artery would seem to assure the Quad-Cities of a permanently adequate source of supply.

This being the case, the ideal local water outlook may justify increasing emphasis—as the problem worsens elsewhere—as one of the reasons why people and businesses should consider locating here.

New Yorkers who experienced the "long, hot summer" of 1965, with water-type air conditioning restricted by governmental orders, might be particularly receptive.

Cultural events, programs and facilities available in the Illinois-Missouri Metropolitan Area in a single week, next week, will include musical productions, art exhibits and sales, poetry, a travelogue, educational lectures, a film on "The Great Rights," a television interview with Ruth St. Denis, discussion groups, lectures, and displays, exhibits, and art and a display of tapestries and craft work.

### Dump Truck Bids

Four bids received for two dump trucks for fire street department were referred to the Street Committee for recommendation. Amounts ranged from \$10,000 to \$15,000.

Authorization was given for the no-bid purchase of 100 cubic feet of fire hose from the BFLateral Co., including 400 feet of 1 1/2-inch hose and 600 feet of 1 1/4-inch hose. The practice has been followed for three years. Alderman Ford Johnson, chairman of the Fire Committee, pointed out after a protest was voiced by Alderman Boyd.

The city was notified by state agencies that its August allotment of state motor fuel tax amounts to \$20,884, and the city half-cent sales tax collection in June amounted to \$25,612.

**SEPT. 24, 1915**

On Saturday, Oct. 9, members of Cascade Lodge No. 602, Pottsville, and Cascade Lodge No. 877, A.F. & A.M. will hold a joint fraternal celebration in Granite City.

From present indications, 3000 persons from numerous cities in Madison, Bond and St. Clair counties will attend. It will be the biggest day Granite City has had for years.

There is only one thing for Granite City merchants and residents to do. Every business house and residence should be decorated.

The K.P.s are celebrating the retirement of the Grand Chancellor, Thomas Williamson of Edwardsville, who designated this year as Flag Year. Hence, the American flag, always the grandest decoration in the world, should be liberally displayed.

The Masons will lay the cornerstone for their handsome new home in Granite City. The opportunity to make a showing before 5000 visitors should not be passed up without serious consideration. Prove to everyone who attends that Granite City is the best—to live, work and play in.

Give visitors the glad hand and welcome to our city. Be a Granite City booster.

The present indication that Bulgaria and Greece would be engaged in the European war has led about 1000 persons residing in the Tri-Cities to fear that they will soon be called upon to return to Bulgaria and take up arms in defense of their country.

The Nardus Glas (National Herald), the Bulgarian newspaper published in Granite City, yesterday carried an official announcement from the Bulgarian representative in Washington, D. C., calling upon all Bulgarian-Americans to return to Bulgaria, immediately to New York, New Jersey, where they will be provided with transportation back to Bulgaria.

Failure of the directors of the Granite City Commercial club baseball team and those of the Venice fire department to reach an agreement as to where the deciding game of the Venice-Granite City series should be played, caused the game scheduled for Sunday to be called off in Granite City.

The decision to close the series was reached this morning when the manager of the Venice team called Oscar Bergmann and informed him that the game should be either staged at Venice or not at all. Last Sunday, however, the game was played in Granite City.

Numerous Granite City ladies enjoyed a theatre party at the Olympic Tuesday afternoon and night play, "The Birth of a Nation."

Those in the party were Messrs. M. M. Granley, P. H. Knapp, Charles Cobble, Lloyd Epps, A. C. Garner, W. H. Mayfield, A. B. Cobble, A. E. Underhill, Stanley Hall, B. Jones, S. M. Costley, W. Barnes, A. M. Jace, Leland Coffet and Virginia Halls.

**SEPT. 23, 1940**

A golden jubilee celebration of the First Catholic Slovak Union and Granite City Branch No. 40 will be held at the Slovak home, 14th and Iowa streets, starting at 8 p.m. Sunday, Sept. 23. The principal speaker will be the principal speaker and talks also will be made by States At-Large, W. Griffith and Mayor Robert Dorn.

Refreshments and dancing will conclude the evening's entertainment.

A group of friends of Dr. R. W. Binney, dean of physicians and surgeons in this community, are giving a party in his home Saturday, Oct. 8, between 2 and 3 p.m. in the basement of the First Presbyterian Church.

In addition to being a testimonial affair, it is also the date of his 41st wedding anniversary and there will be a double celebration. It will be open to all friends of Dr. Binney, which is tantamount to an invitation to the entire public.

The school, which commemorates 43 years of constant and unflinching care of the sick and suffering in this time of conditions. There has been no thought of presenting him with a gift; the feeling is too deep and too generous for that, but there is a keen desire to show him his real value to the community publicly and pay tribute to him.

Unaware of all these preparations, Dr. and Mrs. Binney departed yesterday for New York, where he will attend a convention of surgeons. They will return just before the party so that it will remain a surprise to them until they reach the city.

Mrs. and Mr. George LeMaster of Illinois avenue returned from a trip to Niagara Falls.

Rev. George Wright, a former pastor of the Venice Baptist Church, along with members of his family of Harrisburg, Ill., will be here visiting friends here Saturday.

**License Suspension**

Secretary of State Paul Powell today announced the Drivers License Division of his office has rescinded the suspension of the license of Donald K. Bates, 2338 Grand avenue.

This action was taken following review of record which disclosed that the offense of improper parking was incorrectly entered on Bates' record as failure to drive on right side of roadway. Therefore, upon a correction of the record does not show three or more offenses committed within 12 months.

Among students taking courses at the Midwest School of Aviation at Lakoski, near Alton, is a Venice girl, Miss Nellie Bryant, daughter of Mrs. Zella Bryant, 1001 S. W. Olin street and Broadway.

Miss Bryant, who graduated from Venice high school last June, enrolled at the aviation school last January for a complete course in airplane and engine mechanics and is making excellent progress in her studies. She is being instructed by Dr. Thorne.

Asked by a Press-Record reporter whether she has got down to flying, she said that so far she has only been on the ground once. That was when she helped a pilot repair the brakes on his airplane. She said that she is not a pilot, but she is a mechanic and has found time to learn enough home economics to be proficient housewife. She said she frankly admits she does not enjoy such work.

## SIU Sets Homecoming at Carbondale Oct. 27-30

Top stage attractions will join football, the crowning of the queen, a huge parade and dance as features of the 1965 Homecoming Oct. 27-30 at Southern Illinois University at Carbondale.

Paul Schoen of Carbondale, chairman of the steering committee, said a stage show featuring Nancy Wilson, night club performer and recording artist, Janet and the Americans, modern singers who have recorded several hits, comedian Henry Youngman, and the Cy Zetter band will appear in the 10,000-seat SIU Arena at 8:30 p.m. Friday, Oct. 29.

The football game Saturday afternoon will pit Southern's Salukis against Tulsa University. The complete schedule of events:

Wednesday, Oct. 27, kick-off and bonfire at 8 p.m.; Thursday, coronation of homecoming queen at 7:30 p.m. in Shryock Auditorium followed by reception at 8:30 in the Gallery lounge of University Center; Stage show Friday evening at Arena; Saturday, parade at 9 a.m., football game at 1 p.m., concert by SIU symphony orchestra at 5 p.m. in Shryock Auditorium, and the Homecoming dance at 9 p.m. in University Center.

Two bands have been obtained for the dance. White Tex Benke is playing in the ballroom. Don LeMasters' orchestra will be furnishing the music for dancers in the Roman room downstairs.

Saturday will see a day of alumni group activities, both before and after the football game.

### Enters Nursing School

Miss Joyce Whittle, daughter of Mrs. Marie Whittle, 2032a Edison avenue, is one of 78 students to enter the freshman class at St. Luke's Hospital school of nursing in St. Louis. She received a full scholarship from the Granite City Junior Service Club.

### Enters Nursing School

Miss Susan L. Powers, a 1965 graduate of Granite City high school and daughter of Mr. and Mrs. Charles Haws, formerly of Granite City, was one of 76 students in the freshman class which entered St. Luke's Hospital school of nursing recently in St. Louis.

DEBORAH BUSH, daughter of Mrs. L. Bush, 2244 State street, who was selected as "Teen of the Month" for August by the Roca Young Men's club. She was chosen for her initiative and drive during the past month of the summer.

### Contract Awarded for New SIU Construction

A general construction contract for two additional high rise residence halls and a commons building in University Park at Carbondale was awarded this week by the Southern Illinois University board of trustees.

The award was subject to additional bids from mechanical contractors which would bring the total cost in line with engineer estimates, otherwise business affairs vice-president John Rendleman said the entire project would have to be advertised for rebidding.

The J. L. Simmons Co. of Decatur, received the general contract on its bid of \$6,407,000. Construction involves two 17-story buildings—to be known as Brick Towers—and a commons building with dining hall and service facilities. Simmons also was named for a tentative contract for site development, on its bid of \$194,700.

The Simmons firm was general contractor for the first phase of University Park, including 17-story Neely Hall which received its first tenants Monday.

University Architect Charles Pulley said it was hoped work could start on the new building in late October or early November.

### New Health Service Facility Postponed At SIU to Winter

Opening of Southern Illinois University's new health service facility has been set back to the winter term by plans for expansion of services, according to Dr. Richard V. Lee, health service director at Carbondale.

Completion of the move to 115 small group housing from present quarters at the corner of Washington and Park had been anticipated by the beginning of fall term. It has been rescheduled because of a change in planning which requires more extensive remodeling of the new building and addition of more equipment, Dr. Lee said.

Plans now involve a "phasing from an insurance situation with reliance upon facilities and services outside the University to a program of providing more complete health service on campus," according to Dr. Lee.

When completed, the health service unit at Small Group Housing will have emergency services, a 12-bed infirmary, and diagnostic facilities that include extensive x-ray and laboratory equipment. One of the University's five physicians will be on duty at all times, with two registered nurses on duty each shift.

Funds from the \$4.15 per quarter assessed with the activity fee which formerly went into insurance to provide for major services are now being used largely to support the campus health service, he said. "Calamity insurance" to provide for major services not available here is still being held, however.

Fulltime undergraduate students who pay the fee will have increased services at no extra cost. Part-time and graduate students who do not will pay a small added charge to cover overhead on such items as x-ray and laboratory work and prescriptions.

### Decatur Girl Named SIU's Baton Twirler

Linda McLerran of Decatur who was second runner-up in the last Miss Majorette of Illinois pageant at Granite City, has been selected as the featured baton twirler with Eastern Illinois University's marching band in Charleston.

She will make her first appearance with the band at half-time during Saturday's football game. She is a freshman elementary education major and has participated in numerous state and national contests.

## SIU-SW Buys 260 Acres For Campus for \$250,000

Purchase of an additional 260 acres of land needed for Southwestern campus was approved this week by the Southern Illinois University board of trustees. Cost was \$250,000. Funds for purchase will be arranged through the Illinois Building Authority.

University President Delyte W. Morris told board members the offer by Wilbur H. and Louise K. Gehring to sell for \$250,000 was the result of three years of negotiations and followed condemnation proceedings against one of the six tracts in which a jury fixed fair compensation.

The land is needed now, Morris said, for campus road construction, and contains sites approved tentatively for physical education facilities.

In other action the board implemented its August decision to keep campus doors open to fall term students "to the limit of faculty, staff and building capacities." It approved more than 100 faculty and staff appointments, most of them for periods of a year or less, to meet the emergency need. An additional 75 appointments were approved for the Breckinridge, Ky. Job Corps Training project, which the university operates for the U. S. Office of Economic Opportunity.

The appointments list for the Carbondale and Southwestern campuses included five visiting scholars. Roman Pina Chan of

Mexico was named visiting professor of anthropology. Thomas Kinsella, of Dublin, Ireland, a poet, was named visiting professor of English and artist-in-residence. Miss Helen Ederie, former dean of women at Drury College, was named visiting professor in the education division.

Herbert Marshall will be visiting professor in theater for the fall quarter. An Englishman, he has served as director for the Old Vic and Sadlers Wells Theaters, London, and as a consultant for the Indian film industry.

Harold Rosenberg, art critic, advocate of contemporary art and originator of the term, "action painting," was named visiting professor and artist-in-residence for the fall and spring quarters.

Wilmer O. Maedke, a native of Forestville, Wis., was appointed as professor in the business division. He comes to the university from Northern Illinois University.

The SIU trustees approved rehabilitation contracts for additional buildings at the Breckinridge Job Corps site and arranged long term repayment to the Illinois Building Authority for funds committed for construction, site acquisition and equipment of buildings on both major campuses.

## GC Girl in Peace Corps, Given Duties in Ghana

Miss Elizabeth Celeste Koch, daughter of Dr. Felicia Koch, 2641 Edison avenue, and the late Dr. Joseph Koch, has departed for Ghana, Africa, where she will serve as a member of the Peace Corps.

She recently completed 10 weeks of training at Atlanta University and was on leave at home prior to her departure. She and her group of volunteers will teach math and science in secondary schools and teacher training colleges in the West African country. They will replace volunteers returning home after completing two years of service.

With the arrival of the group, about 115 Peace Corps volunteers will be in Ghana, teaching and working on geologic surveys. During training she studied Twi, a local language, the culture and history of Ghana, United States history and world affairs. She also received orientation in the Ghanaian educational system and practiced teaching in schools near the training site.

## Only Week Remaining To Apply For Same Licenses

Only one week remains in which motorists may apply to retain their present license numbers before the new reassignment deadline of Sept. 30, according to announcement by Secretary of State Paul Powell. This year's session of the general assembly made the deadline a month earlier than in past years to allow time to process the steadily increasing number of reassignment requests. These requests have more than doubled in recent years, reaching a total of 300,000 last year. The law grants to each person the right to retain his license number from year to year provided he applies before the deadline and asks that the number be assigned to him again. There is no extra charge for this service.

Powell's office also advised motorists to submit a separate check with each application to secure the fastest possible processing of their applications. All license fees have been increased 50 cents to cover the added manufacturing cost of the relettered plates Illinois will begin using with the 1966 series. Of the 50 cents, 31.9 cents represents added cost of the plates and the remaining 18.1 cents will go into the road fund for general highway purposes.

## GC Fund Balances Total \$1,499,852 Report Shows

Granite City began the month of September with a balance of \$649,623 in its general fund and \$850,229 for all other funds, a total of \$1,499,852, according to a report to the city council Monday night by John Doeber, comptroller, and E. R. "Pat" Rich, city treasurer.

Since the beginning of the city's fiscal year, the treasurer's office has received \$1,013,303 for the general fund in receipts other than transfers of funds, which has brought the total available income for that fund to \$1,076,385. The general fund has a balance of \$63,081 at the beginning of the fiscal year.

Disbursements for all items of the general fund since May have totaled \$426,762, leaving the balance of \$649,623. Largest items payable out of the general fund include operation of the fire, street, and police departments. The report shows the fire department receipts during the fiscal year thus far amounted to \$21,454 for a total income of \$28,317 and expenditures of \$87,427, leaving a current balance of \$150,889.

**Police Receipts**  
The street department began the year with a balance of \$6812, but had \$195,402 in receipts to provide a total of \$202,015. Disbursements this year amounted to \$66,862, leaving a balance of \$135,152 as of Sept. 1. The police department, according to Rich's report, began the current fiscal year with a balance of \$4909, but has received \$216,207 for a total of \$221,116. Disbursements thus far amounted to \$102,205, leaving a current balance of \$118,911.

Only two minor deficits have developed among general fund items. These are the fund for pumping station operation, which

### Bible Study Sessions At Third Baptist

Rev. C. Eugene Phillips, pastor of Third Baptist Church, 26th street and Grand avenue, has announced a series of intensive Bible study sessions at the church beginning Friday. The sessions are to be held on Friday and Saturday evenings at 7:30 p.m. The adult and young peoples sessions will be held during the regular service times on Sunday at 9:30 and 10:40 a.m. and 6:30 and 7:30 p.m.

Dr. Curtis Vaughn, professor of New Testament at Southwestern Baptist Theological Seminary, Fort Worth, Tex., will be the leader. He is a native of Tennessee, receiving his A.B. degree from Union University in 1946 and his B.D. and Ph.D. degrees from Southwestern Seminary. Later he held additional study at the University of Manchester, England. He is author of the book, "The Letter to the Ephesians," published in 1964. The public is invited to attend.

## Couple Recuperating From Crash Injuries

Mr. and Mrs. Frank Smith, 1417 Norwood drive, are recuperating from injuries suffered last Sunday night when their auto skidded on loose gravel near the driveway of their home and struck a tree in a neighbor's front yard.

The couple received emergency treatment at St. Elizabeth Hospital at 11 p.m. Sunday, to return Monday for further treatment and x-rays.

Smith, 37, driver of the vehicle, and his wife, Dorothy, were returning home from visiting friends a short distance away when the accident occurred. He was treated for bruises about the head and a severe head pain, while Mrs. Smith suffered a lacerated chin, abrasions to both knees and pains and abrasions to her left shoulder. She said the entire front of the family car was demolished.

## Envelope Arrest Ticket for Mailing

A uniform fine for parking violations with the arrest ticket in the form of an envelope in which violators may mail the fine to the city was proposed during Monday night's Granite City council meeting.

Leasing of a lot of off-street parking for city hall employees also was taken under advisement to eliminate their parking at parking meters near the city hall building.

The standard fine and mail envelope arrest ticket also would be extended to parking meters as well as for parking violations in time restricted zones, no-parking zones and other types of restricted areas.

City Atty. Richard Allen was instructed to confer with Police Chief Raymond Willard to work out the procedure. It would entail a review of the city's numerous parking restriction ordinances—virtually one for every restricted zone throughout the city.

mums of \$1, \$2 or \$5 and maximums of \$25. The established fine for a parking meter violation is \$1.

The program could be expanded to include all non-moving traffic violations, such as vehicles ticketed without city licenses or for being parked in an improper manner.

Alderman Whitmer, chairman of the Police committee, explained a violator could either mail his fine payment to the city or could drop the envelope and fine at the police desk in the city hall.

He also stressed the need for off-street parking facilities for city hall employees and said the city could lease a lot at 21st and State streets. The Finance committee is to work out the details and submit a report to the Council.

Not Paying Meters Whitmer pointed out he had learned a number of city hall employees were parking their autos at parking meters and not

putting coins in the meters or paying fines.

"What's good for the citizens is good for the city employees," he remarked, adding, "some of them want to park at the door and not pay for the parking."

He added that an arrangement also could be made for juror parking for the circuit court in the city hall, and that he was discussing the matter with Judge Fred P. Schuman.

An ordinance establishing two-hour parking in the 900 block of Niedringhaus avenue was approved. Alderman Nunn explained a new credit union building for American Steel Foundries employees soon is to open and that the restriction is needed for the business places between Walnut and Chestnut streets. The fine was set at \$5.

Parking at Church A change in the parking restrictions in the 1700 block of Maple street to permit parking on both sides of the street from 9 a.m. until 12:30 p.m. on Sundays for members of St. Gregory's Armenian Apostolic Church.

Under a new ordinance, parking now is limited to one side of the street for alternate years in the 1700 block of Maple and the 1700 block of Spruce street.

Alderman Sternberg, chairman of the Street committee, said he had been presented with a petition signed by 38 persons opposing the one-side parking and would like to refer it to the traffic control study commission.

Both Fifth Ward aldermen, Nunn and Bastarich, said they were aware of the petition and that several of the signers "do not even own automobiles."

They pointed out the ordinance had been adopted several months ago and needed to be tried for several more months.

"So far it is working out fine," Nunn said, adding that he was certain the city's traffic engineer would give his approval.

No action was taken on the petition. The ordinance amendment was approved with only Sternberg dissenting.

## Jaycee Membership Drive Hits One-Third of Goal

Nearly one-third of the Granite City Jaycees' goal for 30 new members has been reached this week and additional young men will continue to be enrolled during the current drive which ends Oct. 7. It was announced today by Walter Rice, Jaycee project chairman.

Membership in the Jaycees is open to any young man between the ages of 21-36 years. Rice explained, and is not restricted to only those employed in the business field. He added that the Jaycees emphasize the development of the individual through community leadership, development projects and services. Membership is helpful to those wishing to become future leaders in their community, Rice said.

Six teams composed of eight members each are competing for \$40 in prize money during the membership drive. In addition, an extra \$20 is to be awarded the individual Jaycee who signs the most new members. Team captains of the various squads include Earl Dotzauer, Donald Cave, Eugene Shea, Herbert Siebert, William E. Herbst and Rice.

In the 45-year history of the Jaycee organization, more than

two million Americans have been members during the 15 years of eligibility. The local chapter, one of nearly 3500 throughout the country, has a current roster of 51 members.

James Burton, GC Jaycee president, recently announced that

Raymond Lake Jr., of Lake Real Estate Co., has been named "Outstanding Jaycee of the Month" for August. The new award winner served as general arrangement chairman for the successful bon voyage dinner-dance, honoring Miss Illinois Miss Kathy Oros, attended by Gov. Otto Kerner, Dr. Quincy Douda, Eastern Illinois University president, and other dignitaries, at the Tri-Mor Bowl, Aug. 23.

### Rain Causes Accident

As autos driven by Sylvia H. Barchesky, 3133 Davis avenue, and Marshall H. Wuerter, Kaseberg Park, were turning left off Madison avenue onto Nametok road, Wuerter's auto skidded on the rain-slick pavement into the left rear side of the other auto at 1:35 p.m. Monday.

## CYS Office Designed to Aid Youngsters

Youngsters with problems and problem youngsters can usually find answers or be helped by a United Fund Agency—the Coordinated Youth Services.

CYS, as it is known, has offices in the city of Granite City, and while originally established as a referral service, it has developed into a counseling unit that has proven valuable to the community.

The agency functions with a staff of three persons, and the operation is overseen by a citizen committee presently headed by Joseph Nemeth, a Granite City police department detective.

### Experienced Staffers

On the agency staff are Mrs. Marion Kirby, who is the director; Mrs. Gladys Bass, who is secretary; and Mrs. Lillian Douglas, secretary. Mrs. Kirby has been on the staff since 1945 and Mrs. Bass has been a case worker for 11 years.

During 1964, the caseload handled by the United Fund agency numbered 678, a slight drop from the 720 in 1963, but a sizeable increase over the 224 cases in 1959.

CYS works closely with police departments, the courts, schools and other social agencies. Of the 678 cases handled last year, 242 were referred by police au-

thorities, 151 by parents or relatives, 47 by neighbors, 89 by schools and 18 by other agencies. In 46 cases, the youngsters themselves visited the office, and 28 incidents were reported by citizens.

### Behavior Biggest Category

General behavior problems, some fringing on actual delinquency that could result in court action, form the largest category of cases handled by the agency, and there also are those involving family services, school truancy, theft, car theft, shoplifting and vandalism.

The CYS staff conducts interviews involving the child and the parent usually as its first step, and then the child usually reports thereafter weekly, on a voluntary basis, anywhere from six weeks to 18 months.

If necessary, the child may be referred to another agency for specialized assistance or even placed in a temporary home.

The agency's budget in this year's total \$348,000 United Fund campaign is \$18,000, a reduction from last year's \$20,000. The reduction resulted from a balance in funds at the end of the year.

## Rotarians Hear Plans for Gemini 7 Space Flight

Robert Pannett, of Granite City, company-wide manager of Gemini Space projects for McDonnell Aircraft Corp., told a meeting of about 50 Rotary club members at a noon luncheon meeting Tuesday that the Gemini 7 flight will be of long duration, probably several weeks, and will be a major step toward development of larger spacecraft.

Pannett, who has been with McDonnell for the past 11 years and has guided the company's five Gemini projects, reviewed the Gemini program from its beginning and described the part played in the projects by the astronauts who, he said, spent much time at McDonnell Aircraft actually "living with" the project as it developed to be aware of all the factors involved.

Pannett illustrated his talk with movies showing the "space walk" taken by Astronaut Edward White in the Gemini 5 flight. The Gemini 6 flight is scheduled for October, and Gemini 7 flight will occur later this

year or in January, he said. He said the Gemini 7 astronauts will be able to take off the heavier space suits after blast-off and don lighter suits to carry out various activities aboard the craft. Controlled re-entry will be a major development of Gemini 7. The craft is now being transported to Cape Kennedy, he said.

Pannett is a graduate of and has a master's degree in science from Cornell University. For many years he was in charge of design and testing of spacecraft for McDonnell and three years ago was made company-wide manager of the Gemini projects. He told the group that studies already are under way of electronic and other control systems for craft that will visit the moon and Mars.

William Thoeke, vice-president of the club, was in charge of Tuesday's meeting. The program was arranged by Arthur Ward White in the Gemini 5 flight. The Gemini 6 flight is scheduled for October, and Gemini 7 flight will occur later this

### GC Man, 20, Fined, Gets Year's Probation

Robert P. Cuvar, 20, of 2143 Benton street, was fined \$200 and costs and placed on a year's probation providing he sees a psychiatrist. He pleaded guilty to a charge of public indecency Monday afternoon before a Belleville magistrate. The judge stayed \$100 of the fine.

Cuvar was taken into custody at 2:30 p.m. Monday by Granite City police and was released to Belleville authorities after a court appearance before Magistrate Hiscott here. Belleville police said he exposed himself in the presence of a young girl on a Belleville street.

### Men Fined, Sentenced

Jack Ritchie, Mount Olive, was fined \$50 plus costs for resisting arrest and was sentenced to four days in the city jail for disorderly conduct. He appeared before Magistrate Hiscott on Monday. The charges were filed Sept. 14.

### \$20 License Fine

Elmer W. Werner, Rural Route One, was fined \$20 plus \$5 costs by Magistrate Hiscott on a charge of driving without a valid operator's license. The charge was filed Sept. 2.

### Fined \$15, Costs

Lester McCoy, 4001 Kirkpatrick Homes, was fined \$15 and costs by Magistrate Hiscott Monday on a disorderly conduct charge. McCoy was arrested earlier that day.

## Borchert, Wendorf Named To New A. O. Smith Posts

James E. Borchert has been named vice-president and general manager of A. O. Smith Corporation's Automotive division at Milwaukee, and Richard A. Wendorf has been appointed as the corporation's director of procurement to succeed Borchert in company purchasing, traffic and central material control.

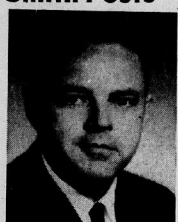

The Milwaukee Automotive division is the company's largest single operation and the nation's principal producer of structural parts for passenger cars and trucks.

The appointments, effective Oct. 1, were announced by Urban T. Kuechle, executive vice-president of A. O. Smith Corporation.

Borchert was in charge of A. O. Smith's procurement functions since November 1959, when he was named director of procurement. He was elected a vice-president in April 1964. In his new post, he fills a vacancy created in 1964 when John R. Parker was promoted from vice-president of the Automotive and Contract Products Group. The Automotive division is one of three divisions in that group headed by Parker.

With plants in Granite City and Milwaukee, the division which Borchert will head produces more chassis frames than any other single source. In addition to automobile frames and structural parts, the division manufactures truck and trailer frames and wheel suspension control arms. It employs 1800 persons at Granite City and accounts for the largest part of 8000 employees at A. O. Smith at Milwaukee.

Wendorf, 40, joined A. O. Smith in 1947 and has been general sales manager for the Automotive division since February 1967. In his new post he will administer procurement policies for the entire corporation and its world-wide operations. He will also have functional responsibility for purchasing, traffic and material control at the Milwaukee plant.

## Makes Jewels from Stones as a Past-Time

Today's hobby fans are the first to admit that there are simple hobbies, expensive hobbies and hobbies that appear ridiculous.

But for a hobby that requires skill and infinite patience, not to mention considerable expense, the laurels go to Edward Nichols, 3014 Madison avenue.

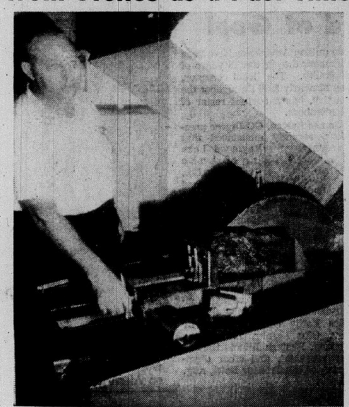

Nichols, who sells insurance for a living, a calling he has followed for 18 years, spends his spare time cutting, polishing and mounting semi-precious stones. And if he likes, they need not be even semi-precious. He can cut and facet a beautiful little "diamond" from a piece of soda bottle.

In addition to the skill that had to be acquired for such an operation over many tedious hours of practice, and trial by error, Nichols also had to become a geologist, as the knowledge of stones and their potential as jewels is as pertinent to his hobby as the use of a diamond saw or facet cutter.

While Nichols refers to his stone cutting as a hobby, he realizes a fair profit from the rings, lockets and other pieces of jewelry he turns out in his basement workshop. He points out that there are stones that look like common rocks to the uninitiated, but can be cut, trimmed and polished into a perfect imitation of black jade, or an emerald, or diamonds.

### Uses Silver Mountings

Once the stone has been selected and designed, cut, sanded and polished, it may be mounted in one of many different types of mountings available from wholesale houses. Nichols works principally with silver mountings, although he said he uses some gold which can be purchased commercially by regularly registered jewelry manufacturers. Stone, if not found in the field by a person who has the time and money to travel, may be purchased from stone dealers. Such dealers travel with a truck throughout the summer months,

EDWARD NICHOLS, Granite City insurance agent, cuts a "rough" stone into slabs as the first step in practicing his hobby of making semi-precious stones.

visiting all parts of the country where stones used for jewel cutting may be found. Once the stone is loaded, the rest of the time is spent in marketing the "find" to jewel cutters, be they professionals, amateurs or hobbyists, Nichols explained.

Various types of foreign stone, such as Brazilian jagals, one of Nichols' favorites, may be purchased on a stone market which has price quotations the same as any market. Nichols said stone for jewelry purposes is sold by the pound, and may cost anywhere from \$1.50 or \$2 per pound to hundreds of dollars per pound. For example, he pointed out, Applegreen Jade is now quoted at \$125 per pound.

Jade, despite the popular belief that it is principally a Chinese product, comes mainly from the state of Wyoming. Nichols said stone cutters frequently have trouble getting the better grade of Applegreen Jade and the other more valued types of which there are many, because representatives of Chinese firms that specialize in hand carved Jade items are on hand constantly in the Wyoming fields to offer above-the-market prices for all that is found.

### Many Different Types

There are so many different types of Jade that it can be bought for as little as \$1.50 to \$2 per pound. The better grade of Applegreen Jade, however, can cost as much as \$20 for a piece one inch square and three-sixteenths of an inch thick.

Hobbyists and professional stone cutters also make costume jewelry from Jasper, various types of which may be found all over the world. Much of it comes from Wyoming and Arizona and, at the moment, stone cutters are using a new type stone known as Biggs' Jasper which is found in Oregon and costs about \$5 per pound. A stone known as African Tiger Eye, found only in Africa, is another popular costume jewelry stone, costing from about \$1.50 to \$4.50 a pound, depending on grade.

When Nichols starts with a

### GCAARC to Resume Meetings Tonight

Granite City Association for Aid to Retarded Children will resume its regular monthly meetings at 7:30 p.m. Monday, in the fellowship hall of St. John United Church of Christ on Nameoki road. All association meetings are open to the public. It was announced by Mrs. Evelyn Gavin, GCAARC president.

Next Tuesday, Mrs. Gavin, a teacher of exceptional children in the Granite City school district's special education program, and Mrs. Mary Lou Neumann, GCAARC secretary, will depart for New York City, where they will represent the local chapter at the national association's five-day annual convention at the Conrad Hilton Hotel.

### Recruit Randy Weeks Begins Navy Basic

Randy R. Weeks, son of Mrs. Marian M. Weeks of 3318 Franklin avenue, has begun Navy basic training at the U. S. Naval Training Center in San Diego, Calif.

On completion of basic training he will be assigned to a school, shore station or ship.

"pop-bottle diamond" is in polishing. Many different kinds of polish of varying grades are used in this final stage and in some instances extreme care must be used. Chromium oxide is used, for example, in the polishing of Jade. It is a highly poisonous chemical.

Nichols, whose wife, Pauline, also works many hours at the hobby, took up the making of semi-precious stones about two years ago as a means of relaxation. It now has developed into a well-established hobby that usually takes up about 12 hours work per week. Nichols said he customarily spends about two hours a day in his workshop, but there have been times during weekends and holidays on which he has spent the entire day because of his intense interest and the "fun" he gets out of making jewelry.

While he never has done any advertising, Nichols admitted he sells quite a few of his products as gifts and as "special items" ordered by certain customers who have become acquainted with his work.

Such sales, says Nichols, are secondary. He cuts stones and makes them into costume gems because of the relaxation and escape from the daily routine.

## Opti-Mrs. Open Season, Meet at Tarry-Mor Acres

The first fall meeting of the Opti-Mrs. Club was held Monday in the country home of Atty. and Mrs. Maurice May at Tarry-Mor Acres near Delsea, Ill.

The club officers, Mrs. Leo

Roman, Mrs. Dailey, Mrs. Anthony Michel and Mrs. Hughes Blake were hostesses and 29 were present.

A 12:30 luncheon was served, and the meeting was called to order by Mrs. Roman, president. Mrs. David Parrish read the club creed and announcement was made by Mrs. Charles Thurber of a rummage sale to be held Nov. 5 at the IOOF hall. Mrs. B. C. O'Neill reminded the members of the annual guest day meeting and 12:30 luncheon to take place Oct. 18 at Fischers restaurant, Belleville.

After the business hour Mrs. Dailey explained the origin of the 116-acre farm, which was home-steaded in 1834 by Benjamin L. Dorsey for whom the town was named, and conducted the group on a tour of the grounds.

Prizes for the day were won by Mrs. Paul Harshbarger, Mrs. A. Wilson, Mrs. Harry Odum, Mrs. Victor Anderson, Mrs. Otto Roman, Mrs. Mel Jennings and Mrs. Ernest Veith Jr.

Norma Prengel served as mistress of ceremonies and presented a musical comedy number. A dance group also performed, together with an ensemble known professionally as the "Odds and Ends."

The prize for the evening went to Mrs. Marilyn Hasty.

Serving on the program committee were Mrs. Millie Clements, Mrs. Wilma Tongay, Mrs. Grace Eccardt, Mrs. Ann Cwong, Mrs. Jackie Rains and Mrs. Wilma Monaghan. The next meeting will be held Oct. 19.

## WILL ATTEND HOMEMAKERS EXTENSION COUNCIL

Mrs. Irene Dawes and Mrs. Florence Rapp, members of the Homemakers Extension Council, will attend the annual fall Federation District VII meeting and workshop to be held in the Hillsboro Methodist Church Sept. 24. # Aldermen Refuse to Replace Street Worker's Eyeglasses

Granite City council members rejected Monday night a bill submitted by a city street worker for replacement of a pair of eyeglasses that dropped out of his pocket and were broken while he was at work at a lift station.

The \$19 bill was not on the regular bill list which amounted to \$8855. Street Supt. Warfield said the worker had removed his glasses because they were steaming inside his pocket, and he had them in his pocket, and

when he stooped over the glasses fell into a deep well and were broken.

Council members said such payment would set a precedent. The council vote was 8-to-6 favoring the payment, and Mayor Partney added his "no" vote. An eight vote is not a council majority.

Voting for the replacement of the glasses were Nann, Basarich, Bartosik, Boyd, Parmley, Poulos, Robertson and Green. Opposed were Rutledge, Whiteman, Johnson, Sternberg, Thompson, Miller Jr., 1725 Rhodes; Madison; Flora Nicholls, 4004 Carl; Paul Polet, 1608 Bremen; Marce Rogers, 400 Grand; John Singer, 2205 Ohio; Carole Wondra, 2664 E. 27th; Inez Dixon, St. Louis; Mike Beljanski, 2548 Iowa; Bill Connor, 1125 Grand; Madison; Dawn Patisick, Collinsville; Junior Puckett, 2021 Alton, Madison.

## Rail Tax Battle Gains Madison School Support

The Madison school board decided to participate in a county-wide agreement with Burton Bernard, Granite City attorney, to continue a railroad tax fight to the U. S. Supreme Court, if necessary, during a meeting Tuesday night.

About \$1.3 million in railroad taxes is involved, and about 70% of that could be diverted to county school districts, John Gitchoff, school attorney, said.

The Illinois Supreme Court has reversed a tax decision by the local circuit court which favored public taxing bodies. It is expected to announce a decision soon on a request to reverse itself.

Gitchoff said he does not expect a favorable ruling from the state court, and Bernard can try an appeal with the U. S. Supreme Court by asking it to review the case.

**Three Possibilities**

He listed three possibilities on the action: "The railroads may want to reach a settlement, we may win, or we may not get in the door." He added that if the U. S. court agrees to consider the case, it would become a national issue and could result in a basis for railroad assessments in all 48 states.

To avert this, railroads may seek a settlement, Gitchoff said.

Two contract terms with Bernard, who would resign his position with the state's attorney's office to devote full time to the appeal, calls for a fee of 30%, but if the suit is settled before filing of an appeal, the fee would be 15%, but not less than \$30,000, pro-rated among the school districts participating.

Gitchoff noted it would cost the school district nothing unless the case is won or a settlement is reached, and that the appeal would be the only way the district could obtain some of the disputed tax funds. Wensel Brown, school superintendent, reported 12 of the 15 districts in Madison county have agreed to participate. Bernard would have 90 days after the state court ruling to seek a hearing before the U. S. court.

**Bond Issue Proposal**

Gitchoff and the board discussed naming the John Nueven Co. of Chicago as fiscal agent to set up a bond ordinance for proposed Madison high school and Dunbar school additions, and he and the superintendent plan to confer with Nueven either next Wednesday at Chicago or next Thursday here.

A bond issue referendum on the two additions, with estimated costs at \$350,000 for the high school and \$100,000 for Dunbar, is to be scheduled.

Brown and Gitchoff assured that the bonds would be sold on a low interest bid basis.

Brown added that the bond and interest payments could be arranged to hold the school tax rate at its current steady level, as current outstanding bonds are nearing maturity.

**Adult Basic Education**

The board authorized continuance of adult basic education classes to start the year Oct. 18 at Dunbar school. Classes will be held two nights each week, two hours each night, for 28 weeks through April 20, 1966.

The program is being held in cooperation with the Illinois Public Aid Commission, which assigns adults to the classes, at no expense to the school district. The administration was authorized to staff the school and to purchase the tests, textbooks and materials needed.

The board agreed to accept a \$258 settlement from the Modern Asphalt Co. for damage to plaster in the Dunbar annex. Last June, while the playground was being blacktopped, a tractor went out of control and ran through the school wall.

The exterior was repaired but no move was made to repair the interior until after the start of school. The work will be done next summer.

**Approve Requests**

In other action, the board approved requests:

By Mrs. Valerie Stevens for bus transportation of her class to a high school choral clinic sponsored by Southern Illinois University at Carbondale on Oct. 9.

By William F. Ledbetter, band director, for two buses for transportation of the high school band to the University of Illinois on Saturday. The band is to participate in pre-game and halftime activities and attend the Southern Methodist University football game.

By the Lamplighters Civic Organization to use the Blair school cafeteria from 5 to 8 p.m. Sunday for a style show.

By Girl Scout leaders to meet at Harris school the fourth Monday of each month from 7:15 to 10 p.m.

Plans were made to attend the division meeting of the Illinois School Board Association at 6 p.m. Tuesday at Granite City.

**2995 Enrollment**

A report showed a total enrollment of 2995 students, an increase of 18 over last year. Brown noted that the enrollment varies, and that several more students may now be attending to bring the figure to more than 3000.
